## Hurricane Alma Rushing Toward Florida Mainland

MIAMI, Fla. (AP)—Hurricane Alma battered Key West with winds up to 70 miles an hour today as it roared toward the Florida mainland after lashing Cuba for hours. A sustained gale of 60 m.p.h. whipped through the low-lying island city at noon while the eye of the big storm was still three or four hours away. Gales whipped as far north as Miami, as Alma, a rare June hurricane, headed toward the state's southwest coast. Key West, which houses large U. S. military installations, was lightly battered and little damage was reported at first. Streets were deserted at noon, and water was collecting fast in the highest points of the island, 15 feet above sea level. Seafood from the Atlantic washed over U.S. Highway A1A.

Power went down in one subdivision. Police ordered people to stay in their homes because of the danger from live wires. Wives and children of the men stationed at the Key West Naval Base took shelter inside the base. Shelters for civilians were opened downtown. Windows at shops and homes were barricaded against the winds and flying debris.

The Weather Bureau raised hurricane warnings on the Florida Gulf Coast northward through the heavily populated Tampa-St. Petersburg area. Gale warnings extended from the Florida Keys up the east coast to Savannah, Ga., and forecasters said winds would rise to near hurricane force south of Cape Kennedy late in the day.

Tides ran seven to 11 feet above normal ahead of the storm as it thrashed into the Florida Straits and the Weather Bureau urged evacuation of low areas of the lightly populated southwest coast of Florida.

Cuba's three national radio networks made no mention of any deaths in Havana. Alma took 73 lives in Honduras. Alma had switched to a due north course and was moving forward at 16 miles an hour.

## U.S. Paratroopers Wipe Out Battalion

SAIGON, South Viet Nam (AP)—U. S. paratroopers all but wiped out a determined battalion of North Vietnamese regulars today after two days of bitter fighting, a military spokesman reported. He said the enemy left 292 dead strewn over a five-mile battlefield in the central highlands after offering stiff resistance. The picture given by the U.S. spokesman indicated a significant victory over the enemy troops after a weeklong lull in ground action in South Viet Nam. The Communists hit back with a blistering mortar attack on a U.S. military advisers' compound in the Mekong Delta, killing some Americans.

A squadron of helicopters poured more men of the 101st Airborne Brigade into the fight. Saigon's South Viet Nam military crisis took a calmer turn. The moderate leader of the Buddhist Institute called for a halt to rioting and human sacrifices but said his followers will continue to struggle in a "non-violent spirit" to overthrow Premier Nguyen Cao Ky's regime. The declaration by Thich Tam Chau, chief architect of an abandoned political truce with the military junta last week, promised continued, although perhaps less dangerous, civil unrest as the ruling generals prepared for national elections Sept. 1.

The bitter fighting in Kontum Province began before dawn Tuesday when a North Vietnamese attack on a valley camp of the American "Screaming Eagles" backed off on the Communists, breaking a week-long lull in the ground fighting. The Americans struck back with tanks and troops, routing the North Vietnamese unit, which was estimated at 350 or more men.

## Correction

It was erroneously reported in Tuesday's issue of the Times-News that Harold Hamilton, fatally injured in a farm mishap at King Hill, had been taken to the Gooding Memorial Hospital but then was taken to Magic Valley Memorial Hospital in Twin Falls for lack of adequate equipment at the Gooding hospital.

Mr. Hamilton was never taken to the Gooding Hospital but instead a Gooding physician had been called and he stated he did not have the necessary equipment to care for Mr. Hamilton's injuries. The police escorted ambulance then brought the injured man to Twin Falls where he was pronounced dead on arrival.

## Negro Hopes Are Shattered In Primary

JACKSON, Miss. (AP)—Sen. James O. Eastland and four Democratic congressmen held primary victories today in rejection bids that shattered Negro hopes for gaining a balance of power vote.

Although Negro registration had risen to almost 20 per cent of the estimated 675,000 total, a Negro-backed ticket got only about 12 per cent of the votes in Tuesday's primary balloting. Eastland scored a 4-1 victory over two opponents in the only statewide race, while veteran Reps. Thomas Abernethy, Jamie Whitten, John Bell Williams and William Colmer also won handsily.

One question unsettled from the Democratic primaries was whether State Sen. G. V. Montgomery of Meridian had won a first primary victory in the 4th District. Attorney J. O. Hollis of Carthage was second in the four-way race.

Biggest influence of the Negro vote was in the 4th District where Clinton Collier of Philadelphia, a Negro on the Freedom Democratic party ticket got enough votes to threaten to throw the decision into a runoff as counting resumed today. A runoff would match the two top candidates. Republicans, staging their first primary contest, trailed badly in the 4th District voting totals.

SHRINERS ASSISTING in setting up equipment Tuesday night for the William Kay Shrine Circus were Fred Wenzel, left, president, and Robert Fulton, right, circus chairman. The two Shriners took time out from their duties to chat with Ruth Engford, a member of the Flying Armors, one of the featured acts in the show. Four performances, two Wednesday and two Thursday, are scheduled at Jaycee Park. Performances will be held each day at 10:15 a.m. and 8:15 p.m. (Times-News photo)

## End Flight

NEW YORK (AP)—A twin-jet private plane with entertainer Arthur Godfrey at the controls landed at La Guardia airport Tuesday night, completing an around-the-world flight begun from La Guardia 87 hours earlier.

Godfrey and four fellow pilots brought their Commander down at 11:18 p.m. EDT, two minutes ahead of schedule. They had left at 9:09 a.m. Saturday and made 19 stops.

A spokesman for the Rockwell-Standard Corp. claimed the flight set 21 world records. The unofficial flying time was 57 1/2 hours.

## Home Show Due to Open On Thursday

Magic Valley's seventh annual Home Show will begin at 6 p.m. Thursday at the Twin Falls High School gymnasium, according to Thomas Wilkins, Home Show manager.

A featured attraction of the show this year will be a complete manned space craft display, which is located in the center of the building. This display includes models of the space capsule, the space suit and the Apollo missile.

The display has been assembled by Ange Campanella, Los Angeles, who is the exhibit supervisor for the National Aeronautics and Space Administration (NASA).

Wilkins said he expects more than 25,000 persons to visit the four-day show. Last year's attendance topped 45,000.

Wilkins went on to say that 40 to 50 people have been planning the show since last November, and it is expected that this year's production will be the biggest and most complete Home Show ever held in Magic Valley.

Hours for the show are from 6-10 p.m. Thursday and Friday, and from noon to 10 p.m. Saturday and Sunday. Certificates amounting to \$100 will be given as door prizes each day.

## Youngsters Flock to Big Shrine Circus

The 12th annual Magic Valley Shrine Circus got underway Wednesday morning at Jaycee Park with youngsters from many areas in Magic Valley attending. An evening performance is scheduled for 8:15 p.m. today. Two performances will be held Thursday at 10:15 a.m. and 8:15 p.m. About 750 youngsters from Buhl, Castleford, Filer, Hazelton, Eden and Hagerman rode buses to the morning show Wednesday, as guests of the Shrine. Bus schedules for other Magic Valley towns for Thursday's morning performance of the circus, produced by William Kay, were announced Wednesday by Shrine officials. About 800 youngsters are expected at the Thursday morning show.

Buses will leave at 9:15 a.m. Thursday from the North Park in Jerome, 8:45 a.m. from Filer, 8:30 a.m. from Gooding, 9 a.m. from the Gooding High School, 9 a.m. from Shoshone High School, 7:30 a.m. from Ketchum and 8:15 a.m. from Idaho Falls and Bellevue.

Circus stars from almost every continent will be the most dazzling and entertaining circus troupe ever seen in the Twin Falls area, Shrine officials noted.

Among them will be the famed acrobat Betty Pasco, who will perform on the single trapeze. The big attraction this year will be Prince El Kigordo, who performs with 13 lions; Shrine Circus elephants, Johnnie Cines, Ponce, Zappa's Dogs and Romaine's Horse Riding Academy.

Closing will be presented by the Shrine Circus Clowns, topped off by a comedy sensation featuring Al Rose and Company, wizardry of Yvette, Four Jay's acrobats, and ending with the Simrus Duo, dancing dancers in the sky 110 feet above the earth, and a dazzling nighttime fireworks display.

Other features will include such acts as Spinning Platters by Les Blue, Great Francisco, King of the High Trapeze, Cribbalancing artistry; Luigi Brown, tight wire antics; Flying Fire, flying trapeze acts; cycling wizardry of Yvette; Four Jay's acrobats, and ending with the Simrus Duo, dancing dancers in the sky 110 feet above the earth, and a dazzling nighttime fireworks display.

HOPE FOR BILL WASHINGTON (AP)—Sen. Frank Church, D. Idaho, expressed hope Wednesday that a library bill will gain quick approval in Congress.

The union seeks a 6 per cent salary increase for all employees in each year of a two-year contract, while the company offered a 4 per cent wage hike the first year and a 3.9 per cent increase the second. Pensions also were a major stumbling block in the negotiations.

Members of the Communications Workers of America refused to cross a CIO picket line that formed around Western Union headquarters in New York at midnight.

## Agreement Settles One Southern Idaho Labor Question

Official agreement on a new contract ending one Southern Idaho labor dispute was reported Wednesday but there was no indication of a settlement in another, which erupted into a strike. The agreement was between contractors and the Ironworkers Union. It calls for wage increases of up to 80 cent an hour, plus fringe benefits, in a three-year period. Ironworkers now get \$4.50 per hour. The dispute, which resulted in a walk-out involving the operating engineers. It halted most construction work in Southern Idaho.

## Space Woe Caused By Human Error

CAPE KENNEDY, Fla. (AP)—Someone taped four separate devices to a protective shroud instead of fastening them firmly to disconnect plugs. It was a human error that cost the Gemini 9 astronauts a chance to dock with their target satellite. Here is an anatomy of that error: The background: The satellite, called ATDA for augmented target docking adapter, was launched a week ago today. There was an indication that perhaps a shroud covering the docking collar on the ATDA had not jettisoned.

Gemini 9 astronauts Thomas P. Stafford and Eugene A. Cernan, stalled two days by a guidance problem, took off in pursuit of the satellite Friday. When they caught it, they found that indeed the 17-inch spun glass shroud was still in place.

But it had started the separation process and its two clamshell halves were parted. Stafford radioed that it looked like an "airbag alligator," a description of the shroud's live look in the atmosphere of space.

With the docking collar covered, the astronauts had to abandon the hookup attempt. They went on to conduct different types of rendezvous with the ATDA and to Cernan's record space walk.

The quick look: Stafford told ground stations that the shroud appeared to be hung up by four bundles of electrical wires and also said it appeared that small lanyards might not have been connected properly. Cernan snapped several close-in pictures of the shroud.

The lanyards, about the size of a six-inch-long soda straw, were designed to be hooked to disconnect plugs and to yank them out during the separation sequence, which is triggered by firing explosive bolts.

The four plugs were joined to bundles of wires which provided a power relay for the separation sequence.

The lanyards, about the size of a six-inch-long soda straw, were designed to be hooked to disconnect plugs and to yank them out during the separation sequence, which is triggered by firing explosive bolts.

## Office Closed

Mrs. Betty L. Rand, manager of the Western Union Office in Twin Falls, reported today that telegraph service stopped here at 9 p.m. Monday due to a strike by Western Union employees across the nation.

Mrs. Rand said she has received no comment from the Western Union Office in San Francisco as to a possible date the strike will end. She said the last time the Twin Falls Western Union was closed for an extended period was in 1952 when the office closed for six weeks.

William R. Parsons, Kimberly, delivery clerk in the Twin Falls office, is the other local employee affected by the strike.

Members of the Communications Workers of America refused to cross a CIO picket line that formed around Western Union headquarters in New York at midnight.

The union seeks a 6 per cent salary increase for all employees in each year of a two-year contract, while the company offered a 4 per cent wage hike the first year and a 3.9 per cent increase the second. Pensions also were a major stumbling block in the negotiations.

## Snow Causes Closing of Park Highway

RED LODGE, Mont. (AP)—Blowing and drifting snow forced the closing of the Bear-tooth Highway to Yellowstone National Park Tuesday night—but the route, U.S. 212, was reopened to traffic early today, the highway department reported.

To the northwest, in Glacier National Park, officials expect going-to-the-Sun road to be open to traffic and cleared of snow Thursday. The scenic highway was closed last weekend following a two-foot snowfall which snarled hundreds of utility poles and lines.

The Bear-tooth Highway leads from Red Lodge in southern Montana over 10,000 foot Bear-tooth Pass and is the northeast gateway to Yellowstone Park.

An additional boost of \$1 per day is scheduled June 1, 1967. Resumption of the talks with the engineers awaited the return to Boise of federal mediator Sherman Hodges.

The strike, in its seventh day, has idled some 3,000 workers and halted work on most major construction projects.

Workers still done last Friday after talking to both sides. Ho See STRIKE, Pg. 2, Col. 8

## Reagan Will Run Against Gov. Brown

SAN FRANCISCO (AP)—Ronald Reagan ran away with the Republican nomination for governor in his first bid for public office. His November opponent, Democratic Gov. Edmund G. Brown, barely won the right to run for a third term. In the count of Tuesday's primary election, Reagan, the handsome star of movies and television, overwhelmed dairy owner George Christopher, former mayor of San Francisco, and moved to the front of California Republican politics. Brown's bid for four more years in the Capitol was shaken, however, by the surprisingly strong showing of his challenger, Los Angeles Mayor Samuel W. Yorty. Yorty rolled up big margins in his home city and other parts of populous Southern California. So did Reagan.

With 15,694 of 30,580 precincts counted, this was the vote: Republicans—Reagan 637,942 Christopher 294,868. Democratic—Brown 620,695 Yorty 493,845.

As the vote mounted against him, Christopher, 58, stopped before his followers at campaign headquarters in San Francisco and declared he was through with politics. He promised to support Reagan, but added: "I certainly don't think I owe Mr. Reagan the attention I see REGAN, Pg. 2, Col. 7

There were indications Meredith might leave his hospital bed to resume the march interrupted Monday when he was felled by three shotgun blasts from ambush.

## T.F. Municipal Band to Begin 56th Summer Series

One of the oldest municipal bands in Idaho and probably the oldest in Magic Valley in continuous operation, will begin its 56th season at 8:15 p.m. Thursday in the band shell at the Twin Falls City Park.

The Twin Falls Municipal band, which began about 1910, according to Homer Borrich, longtime member, will be directed this season by Del Slaughter. The director for the past 10 years, Charles Ratcliffe, is touring Europe.

Thursday's opening concert will be the first of 10 weekly Thursday night concerts which always prove popular to both young and old area residents. Next week the annual Flag Day program is scheduled in conjunction with the Elks lodge, Borrich said.

Some of the members playing this season who have been with the group for many years include Gerald Ridgeway and Reed Coulam who have played

## President of Gem Sheriffs Is Speaker

DURLEY — Accidents over a certain area follow a pattern, but fatal accidents seem to happen anywhere, Sheriff Bill Barker, Salinas, president of the Idaho Sheriffs Association, declared at the Idaho Peace Officers Association convention here Wednesday morning.

Speaking at the final day of the 35th annual convention in the Pocatello Inn, Barker, a noted traffic accident investigator, noted that more single-car accidents than any other kind of traffic mishaps. Often, when there is no one in the car but the driver and he is killed, officers are at a loss to know the cause of the accident.

He discussed emotional problems, asserting there are many situations arising from accidents where officers have to try to counsel and calm people. Most of the emotional problems arise with women. He noted that many night calls deal with highly emotional people, and sheriff and police officers are more often involved with family troubles than state patrolmen.

Also speaking Wednesday morning was Robert Pollock, Idaho Falls chief of police. He declared that for years, law-enforcement personnel have been classified below firemen in most cases, but in recent years each group has been classified on its own merits.

He said many cities give blanket raises in salaries, but the chief stressed it was more important to have each individual recognized on his own merits. He also discussed the human relations aspect of law enforcement, pointing out that many times the policeman has to work completely alone and rely on his own judgment. He scored the importance of professional training.

Officers were to be elected and Robert W. Evans, FBI, Butte, Mont., was to speak at the Wednesday afternoon session.

## Magic Valley Funerals

BURLEY — Funeral services for Harry W. Levecke will be held at 11 a.m. Thursday in the Burley LDS Chapel. Rev. Paul V. Larson, officiating. Masonic rites will be conducted by Burley Lodge No. 53, A.M. and E.M. Friends may call at the Albertson-Dickard Funeral Home from 9 a.m. to 8 p.m. Wednesday. Final rites will be in the Burley Cemetery. Contributions may be made to the Methodist Church Memorial Fund.

BURLEY — Funeral services for Mrs. Sylvia Louise Jensen will be held at 10:30 a.m. Thursday in the Burley LDS Chapel. Rev. Paul V. Larson, officiating. Graveside services will be held at 3 p.m. Thursday at the Preston Cemetery. Friends may call at the Payne Mortuary Wednesday afternoon and evening and Thursday until time of services.

BLISS — Funeral services for Harold Hamline will be conducted at 2 p.m. Thursday at White Mortuary chapel. Final rites will be held in the Elmer Cemetery. The family suggests memorials to the Idaho Youth Ranch. They may be left at the mortuary.

BURLEY — Funeral services for Mrs. Janice M. Cranney will be conducted at 2 p.m. Friday in the Burley LDS Chapel. Rev. Paul V. Larson, officiating. Friends may call at the Payne Mortuary Thursday afternoon and evening and Friday until time of services. The family suggests memorials to the American Cancer Society. They may be left at the mortuary.

TWIN FALLS — Funeral services for Dr. George P. Scholer will be conducted at 2 p.m. Friday in the First Presbyterian Church by Rev. Ronald Keeshan. Final rites will be held in Sunset Memorial Park. Friends may call at the White Mortuary Wednesday, Thursday and Friday until time of services. The family suggests memorials to the Elmer Cemetery and the Presbyterian Building Fund. They may be left at the mortuary.

WEENDELL — Funeral services for Mrs. R. D. (Grace) Pence Bradshaw will be held at 2 p.m. Saturday at the Methodist Church by Rev. Harold E. Buhl. Friends may call at the Burley Funeral Home from 9 a.m. to 8 p.m. Friday. Final rites will be in the Elmer Cemetery.

TWIN FALLS — Funeral services for Alvie Leo Watson will be held at 1:30 p.m. Saturday at Reynolds Funeral Chapel with Rev. Robert Harvey, officiating. Final rites are set in Sunset Memorial Park.

SHOSHONE — Rosary for Manuel Belita will be held at 8 p.m. Friday at the Bergin Funeral Chapel. Requiem mass will be celebrated at 10 a.m. Saturday at St. Peter's Catholic Church with Rev. C. M. Yost as celebrant. Final rites will be in the Shoshone Cemetery. Friends may call at the Bergin Funeral Chapel Friday and until time of services Saturday.

## Weather, Temperatures

MAGIC VALLEY—Considerable cloudiness today and tonight with showers of thunderstorms mainly afternoon and evening. Partly clear Thursday. High 76, low 46. Wind light, variable, diminishing after sundown. Highs in 70s, lows in mid-40s, except Camas Prairie, Italy and vicinity highs 65-75, lows 35-42. Outlook Friday, fair and warmer. Temperatures at 8 a.m.: 58 at Jerome, 62 at Kimberly with 57 per cent humidity, 63 at T.F. with 60 per cent humidity, 60 at Rupert, 61 at Fairfield, 59 at Halley, 64 at Buhl, 69 at Castleford, 62 at Wendell, 64 at Burley, 66 at Bliss, 68 at Moscow, 70 at Shoshone, 71 at Pocatello, 72 at Idaho Falls, 73 at Teton, 74 at Arco, 75 at Pinedale, 76 at Targhee, 77 at Big Lost, 78 at Challis, 79 at Coeur ## Chester M. Bartlett Takes Over as General Secretary of YMCA in T.F.

Chester M. "Chet" Bartlett, 40, arrived in Twin Falls Sunday to assume duties here as general secretary of the YMCA. Bartlett replaces Richard Conner, who left in February to become program secretary at the Boise YMCA. The general secretary's job in Twin Falls has been vacant since Conner left.

Before taking the job in Twin Falls, Bartlett was associate executive for the YMCA Sound-View Branch in Seattle, Wash. Bartlett was born in Lynn, Mass., the son of a YMCA secretary. He received a B.S. Degree from Springfield College, Mass., one of the YMCA's training schools, majoring in Group Work and Community Organization. He served in the Navy during World War II.

He was youth director from 1950 to 1952 at Portsmouth, Va., responsible for servicing 16 Hi-Y and Tri-Hi-Y clubs in three high schools. He went to Longview, Wash., in 1952 where he served as youth director until 1960.

While at Longview, Bartlett was responsible for the Youth Club program and direction of Spirit Lake, YMCA Camp.

In 1960 he was appointed youth director at the West Seattle branch of the YMCA in Seattle. He worked with youth of all ages and organized numerous camps and sporting events.

Bartlett said his first impressions of Twin Falls are favorable. "My wife and I visited Twin Falls during Easter week for an interview about my new job and we found the people in Twin Falls very friendly and the people at the YMCA-YWCA a dedicated group," he declared.

As general secretary, Bartlett will work with the local YMCA Board of Directors helping them develop policies and program plans and carrying these plans out. He said this was the first YMCA he had worked for where the YWCA was in the same building.

Bartlett said his family still lives in Seattle, but he hopes to bring them to Twin Falls before the end of the summer. Members of his family include his wife, Florence; two sons, Larry, 17, who will be a senior at Twin Falls High School next fall, and Scott, 9, and two daughters, Linda, 15, and a sophomore, and Joann, 11.

### Officers Elected By 4-H Group

Officers were elected Tuesday at the first meeting of the Busy Drivers 4-H Club at the home of Mrs. Lee Eldredge.

Glenda Eldredge called the meeting to order and Vicki Hartnuff led the 4-H pledge. Project books were distributed and future meetings discussed. Klissa Heaton was a guest.

Officers elected are Vicki Holloway, president; Glenda Eldredge, vice president; Debra Eldredge, secretary; Cindy Hall, reported, and Ann Holloway, sergeant at arms. Vicki Hartnuff served refreshments.

### Rev. Maier's Funeral Held

RUPERT — Funeral services for Rev. Karl K. Maier, who died Tuesday night at Twin Falls, were held Monday at the Paul Congregational Church by Rev. Edwin E. Huber, Congregational minister, assisted by Rev. Fred L. Pickett, Episcopal Vicar.

Diane Huber played the prelude and postlude. Mr. and Mrs. August Marisch sang a duet. Honorary pallbearers were Rev. Edward Hargreaves, Conrad Rehn, Jacob Fetzer, Andrew Serr, Jacob Knopp, Jacob Ruff, J. A. Bauer and J. P. Melhoff. Active pallbearers were Tom Lawrence, John Nau, Clyde

Mayer and Herbert Dockett. Flowers were arranged by Mrs. Edgar Wolff, Mrs. Herbert Dockett, Mrs. Herman Hluher and Mrs. Alvin Bertsch. Final rites were held in the Falls View Cemetery, American Falls.

Members of his family include his wife, Florence; two sons, Larry, 17, who will be a senior at Twin Falls High School next fall, and Scott, 9, and two daughters, Linda, 15, and a sophomore, and Joann, 11.

### Policeman Fair After Beating

SALT LAKE CITY (AP)—Sgt. L. C. Robinson, a veteran Salt Lake policeman, was in fair condition today at LDS Hospital after being beaten with his own night stick.

Police reports said Robinson and two occupants of a car he stopped had a heated argument which developed into a fight. The two men were arrested.

### Wins Event

Rex W. Reed, commander, Twin Falls Commandery No. 10, reported at the meeting Tuesday night that Twin Falls won first place in the State Commandery Inspection.

Also, the Grand Commandery Knights Templar of Idaho announced it will hold its annual convocation at Twin Falls next May.

FACILITIES AVAILABLE SEATTLE (AP)—Support facilities of two nuclear reactors which have been idle at Hanford since 1964 are available for use by government agencies or private industry. The reactors, D-Wash, said Tuesday in an announcement from Washington.

## Anti-West Bill

Gov. Robert E. Smylie has correctly analyzed the so-called Dodd Bill to regulate firearms purchases as "objectionable to westerners." The governor asked Idaho's congressional delegation to oppose the bill, which they would have done anyway if they were intent on representing Idaho residents. It goes without saying that Idahoans would oppose any regulation of firearms purchases simply because firearms are a way of life in Idaho, as in the rest of the West.

For years, it has appeared that the nation is headed toward some sort of firearms registration, but it would be a worse fiasco than prohibition. The Dodd Bill doesn't go so far as registration, but it would limit the sale of handguns to those persons who could prove they had no criminal record and were responsible citizens. Opponents of the bill openly question what good it would achieve. Many believe it would result only in an extensive black market for handguns.

Gov. Smylie said legislation "should be aimed only at such destructive contrivances as anti-tank guns, bazookas, machineguns, silencers and similar unconventional devices." He's merely stating the popular opinion in Idaho and the rest of the West. However, the federal government already has the authority to limit traffic in those devices if it wants to use the National Firearms Act as it now stands.

As has been pointed out repeatedly, no amount of legislation will ever result in denying firearms to those with criminal intent. Stealing a gun is far less of a crime than for almost any purpose a criminal might have in mind after he gets the gun. It still would seem that the most logical approach to firearms control would be stiff penalties for any illegal use that might be made of a firearm. After all, even the proponents of out-and-out firearms registration have declared time and time again that their chief concern is to keep weapons from the hands of criminals, incompetents, dope addicts and children. It's a noble purpose, but one that may be doomed to failure.

The illustration for failure in keeping weapons from the criminal element is found in New York's infamous Sullivan Law. It hasn't even come close to achieving its goal.

## RUSH TO OBLIVION?

With the next presidential election more than two years in the future, it would seem there is plenty of time for potential candidates to jockey for position. However, much can happen in two years and the unexpected still has a large bearing on the outcome of any election, particularly presidential elections.

With the exception of the Republican nominee for President in 1964, all the same names are available for the 1968 sweepstakes. Strangely enough, it appears the Republicans will be clubbing each other for the honor of running again President Lyndon B. Johnson in 1968. The realist who is ready to concede President Johnson a second term without a contest can't help being amazed. But the dyed-in-the-smoked-filth-from politician see the possibilities.

President Johnson might be running against two outstanding liabilities, inflation and an unpopular war in Southeast Asia. They could provide some potent campaign material that would carry the possibility of defeating the President, especially if Republicans manage to close gaps in their ranks.

There's another factor in the Democratic camp that might be used to advantage by the Republican candidate in two years. It's becoming a little more clear each day that Robert Kennedy hopes to wind up in the White House. It's almost unbelievable that he would beat out the President in two short years for the Democratic nomination. Yet his campaigning, even though it's aimed for 1972, can result in wide splits in the Democratic Party. If the splits widen enough in the next two years, it could be a factor in the 1968 elections.

Even though it is to be rated now as no more than a slim possibility, the Republicans could recapture the White House in two years. And the GOP won't have to look around for candidates. They still have Rockefeller, Romney, Scranton and Nixon. And now Sen Jacob K. Javits, R-N. Y., who has been rumored as a vice-presidential possibility, says he would try for the nomination as president. If anything, Idaho's Gov. Robert E. Smylie has been mentioned similarly in rumors. As the weeks and months pass, there will be others.

It's rather puzzling why so many politicians would aspire to a nomination that's so unattractive. The only explanation would be a combination of the perpetual optimism of politicians generally and their perennial hope of being in the right place in case lightning should happen to strike.

# WHIRLIGIG

By ANDREW TULLY  
WASHINGTON — As a man who often is described as a politician's politician, Vice-President Hubert H. Humphrey predictably reflects the professional's viewpoint in examining the prospects of the two leading candidates for the Republican presidential nomination in 1968. Humphrey is a Dick Nixon man.  
It is not that Humphrey finds any particular fault with Michigan's Gov. George Romney, whom he describes as "likable and personable." He merely believes that Nixon would be the "most effective" Republican candidate.

"Don't forget that Nixon as a man has the strongest hold on the Republican Party," Humphrey said in an interview in his office in the State Department Building. "He has more confidence than any other Republican candidate, and for that reason alone he should not be underestimated. Nixon has a lot of Goldwater support — perhaps all of it — while Romney has very little. This is important because the party was a Goldwater party in 1964 and until someone takes it away from him it will be a Goldwater party in 1968."

NO CLAY PIGEON — Humphrey's reaction was immediate and smiling, when the interviewer raised a skeptical eyebrow. "Oh, I know," he said. "You think I'm trying to set up a clay pigeon. But I'm just being practical. Nixon ran a very strong race in 1960 against a tough candidate named Kennedy who I helped train. The fact that he is a former vice president is still a big asset. He is a good organizer, a man who has been around, and he is the party's hardest, most militant and most aggressive campaigner. Lyndon Johnson would beat either Nixon or Romney; but Nixon would beat the President the harder fight."

He grinned when it was noted that some people feel Nixon is a little shopworn. "Any politician who has been around is a little shopworn," he said. "But he also is something more important — experienced."

IIHI CANDIDATE? HIM! — For publication, at least, Humphrey does not deign to discuss his own presidential chances in 1972. Indeed, he insists, "I haven't convinced myself I'll be in it," although his tone is bantering. It is Humphrey's present position that such a discussion would be premature because of what he calls the "many new faces" in the Democratic Party. At this writing, his little list is unimpressive.

One of them is Miami's Mayor Robert High, who won the gubernatorial nomination from Gov. Haydon Burns, but who remains nationally unknown. Another, even more obscure, is Milton Shapp, who successfully backed the Democratic machine to win the party's nomination for governor in Pennsylvania. Iowa's Gov. Harold Hughes and Oregon's Rep. Robert Duff can be other Humphrey nominees whose names would go unrecognized on most American Main Streets. A great kiddier, Hubert Horatio Humphrey.

AGE, HEALTH FACTORS — Meanwhile, Humphrey refuses to be concerned over the circumstance which will make him 61 years old in 1972, a trifling long in the tooth for a presidential candidate in this youth-conscious era. "I feel better than I felt at 45," he says. "I feel better than I felt at 35. Age is no factor in politics; it's never stopped a healthy mind, and it brings added experience." Wittingly or not, Humphrey now was talking like a candidate.

He might also have noted that except for Bob Kennedy, who will be a callow 46 in 1972, the other candidates also are getting on. Romney will be 49 in 1968 and 53 in 1972. And admittedly, Hubert Humphrey is one of the healthiest and most vigorous political animals since Teddy Roosevelt.

## Views of Others

### TEXT FOR TODAY

It came to pass in the reign of Caesar Lyndonius that a decree went out that all the people should be taxed less than they had been before.

There was much activity in the bazaars, and the builders of chariots had never been more busy, but, behold, there were multitudes of idle persons standing about in the market-places.

Caesar was disturbed by this and said to his counselors, "Let us put more dinarid within the folds of every man's toga so that he will think himself wealthy. Then he will buy more garments and wheeled vehicles and wine and bread for his table. The idlers then must needs be put to labor to produce the goods to fill this new demand."

All the masters in the Empire thereafter were required to retain a smaller amount of the gold and silver than Caesar demanded as his tax of indebted persons, all of which hitherto had been withheld by the masters for his coffers.

There was great rejoicing as the subjects hurried straightway to the bazaars. But the greater number of coins they carried was not sufficient to purchase all the articles of trade, they desired to possess. So they went to the money lenders for more. The merchants and craftsmen were hard put to supply all the dwellings, chariots, jeweled sandals and other goods the people requested and many of the idle were pressed into service.

Caesar Lyndonius was greatly pleased by this which he had wrought. But the idle were not alone among the subjects who did not share the common wealth. Many of the young did not care to dinarid to attend the temples where the tablets of wisdom were enshrined. So Caesar decreed that the coffers of the Empire should be opened to them. Among the aged were many who required the attention of the disciples of Hippocrates, and the masters were enjoined to put aside some of their own and their servants' gold so that this might come to them.

Then it came to pass that many more Centurions must be sent to the far places of the world to fight the barbarians and to keep the peace. A great supply of chariots, armor, spears and swords was required for this. The treasure chests of the Empire ran low and the money lenders perforce were forced to increase the substance they were receiving. The dinarid both Caesar and his subjects required, Lyndonius was saddened by this and he pondered aloud whether a new decree should go out that all people should be taxed more.

In the midst of this distress came the day when the subjects must pay the difference between the tax which the masters had withheld and that which Caesar decreed. The dinarid. This came to pass on the 15th day of the month called Aprilis, a season commonly dedicated to the singing of birds and the plucking of fowls. But instead there was grief throughout the Empire, with weeping and the wearing of sackcloth and ashes. The Oregonians

## POT SHOTS

### Interpreting The News

By JAMES MARLOW

### STICKY ISSUE

Pot Shots: There has been quite a fuss about the people who smoke, but so far as I'm concerned, the fun chews are far worse.

Or hasn't anyone else stepped into a big wad of discarded gum?

I Object (Twin Falls)

### PUPS FOR KIDS DEPT.

Dear Pot Shots: We have young dogs that need homes. One is brown and has curly hair, the other is gray. Both are good around children. We just have more dogs than we can take care of. Phone Jerome 324-5042 or see them one mile south and one and three-fourth miles east of Jerome.

Geo Bee (Rt. 3, Jerome)

### STEAL IT!

The male members of our family will be the death of me yet.

I work hard trying to keep their clothes mended, pressed and presentable. But let them have a shirt with a hole in the elbow, and that's the shirt they want to wear! All three of them will pull the same stunt.

I'm just about ready to give up. I watch them like a hawk and make them wear something more presentable. Darned if I know how to keep them from taking the worst looking shirt in the closet!

Tired Housewife (Twin Falls)

### FAMOUS LAST LINE

"... Opportunity will have to knock several times to wake him up."

GENTLEMAN IN THE FOURTH ROW

WASHINGTON (AP) — The rights to be swept aside by lawless fanatics?

He said: "Perhaps the most evident threat to civil rights in 1968 is the danger that recently secured rights may be violently denied by a relatively few racial fanatics."

Enemies and critics of the United States can hold up this shooting as a symbol of "American barbarism" before the world, which still remembers President John F. Kennedy was shot in the back.

They can say with truth a Negro's life is not safe in America if he tries to walk down a country road peacefully, even when escorted by white friends, as the 32-year-old Meredith was.

The greatest irony behind this shooting lay in proving the very thing he had sought to improve on his 225-mile march from Memphis, Tenn., to Jackson in the heart of his native Mississippi.

He had told newsmen before starting out one of the two reasons for his trip was to help Negroes, including himself, conquer the fear they feel while living or traveling in Mississippi. His other reason was to encourage Negroes to vote.

At the same time this wanton act of violence may be used as a handy excuse for passionate or extremist Negroes to retaliate with violence of their own in North or South in the days ahead, individually or in mobs. This crime against Meredith gives unexpected and tremendous support to President Johnson's recent request for new legislation in the field of justice to protect the rights of Negroes and civil rights workers.

"What gain is there," the President said in asking Congress to approve his proposals, "for either conscience or country if we proudly affirm human rights and then permit those

careful instruction and time to learn to operate a motorcycle safely. According to the National Safety Council, most motorcycle dealers do not give such instructions and many of them don't even know the rules of safety. That means that you, son, will probably have to learn by trial and error—a hazardous business at best.

Aeronaut M. Scott Carpenter learned the hard way that flying through outer space was safer than operating a two-wheeled vehicle, which is a basically unstable contraption. A few states are making a beginning in furthering motorcycle safety by requiring driving tests for motorcycleists and vehicle inspections.

Once your son has mastered the technique of driving a motorcycle he must not leap to the conclusion that he can safely take on a rider. A large percentage of the casualties in motorcycle accidents are passengers. Carrying a passenger alters the technique of turning, braking, accelerating and passing. The booklet, "Two-Wheeled Wisdom," published by the American Motorcycle Association should be carefully studied by all prospective motorcycleists. Adherence to its precepts would drastically cut the accident rate.

# TAYLOR'S VIEWS ON WORLD NEWS

By HENRY J. TAYLOR

Down goes our gold again — down and out — while Washington fails to collect billions that the French sum includes \$1.07 billion as the principal and \$2.7 billion unpaid interest. Then there's \$1.39 billion more in unpaid principal. In total, de Gaulle owes the American taxpayers a tidy \$5.57 billion. In 1953, France said she could not pay that year's installment. Washington declares a one-year moratorium. That was the end of that. Our taxpayers have made up the difference ever since. And the Paris government has the right to no longer even carry those billions on official statements listing France's external debt.

In addition, France has outstanding three separate loans arising from World War II. These totalled \$592 million. De Gaulle has been servicing debts incurred after World War II regularly and has made some payments in advance of due dates. He has also finally repaid a \$170 million loan by the Export-Import Bank that goes back to 1945. But he still owes us in the debt cluster approximately \$400 million.

Yet, sunk under this mountain of debt, de Gaulle is free to systematically conduct his declared war on our dollar and outrageously hammer away at our dollar gold reserves.

De Gaulle has taken a gold bite out of us as big as \$150 million in a single day and has served notice on our Treasury (hold your breath) that he will withdraw a minimum of \$34 million in gold a month, actually behind the scenes, he exceeds this minimum each month.

Let me give you our Treasury Department's answer to me: "The United States does regard defaulted World War I debts as valid obligations, and it is true that France owes \$6 billion plus to us from her World War I debt and \$400 million plus since 1940. But we know of no prospect that the United States will force payment by defaulting its obligations to foreign countries."

Default? Force payment? My eye! Our Washington officials are not helpless. They're spineless. Their first duty is to our own country's citizens. We taxpayers should insist in a national debate that all money owed us should be paid. It's high time we told the politicians that we're sick and tired, fed up to the teeth, with holding the bag.

"Who shall take part in the process of democracy? Shall it be only those born with white skins?"

## Capital Quotes

By The Associated Press  
"It is better to take a chance on a questionable election than to have this whole effort to get an expression from the people of South Viet Nam flat flat." — Sen. Democratic Leader Mike Mansfield, urging elections even if there is no international supervision.

"We have come a long way down the road to accepting decent housing as a national need, a national requirement and a national right." — Rep. Wright Patman, Texas, in reporting to the National Housing Conference.

"Simply to escalate mindlessly... carries ever closer to the vital nerve of (Red) China's own interest, the threat of obliteration. While these press secretary Bill D. Moyers explains why President Johnson rejects the views of both the hawks and the doves.

Answer Next Issue

## Christian Science Head Is Selected

Erwin D. Canham became the new president of the Christian Science Church Monday afternoon at the church's annual meeting at Boston, according to Mrs. Alma M. Vaughn, church secretary and committee woman, Twin Falls.

Mrs. Vaughn said the meeting was the largest in the 100-year history of the church, with an estimated 15,000 persons attending the convocation. The building the meeting began in overflowed, and the overflow of people watched the proceedings on closed-circuit television in a nearby theater and a civic auditorium.

Mrs. Vaughn said the new church president is the editor of the Christian Science Monitor and will serve at the church's head while continuing with his work on the church newspaper.

Canham came to the meeting directly from a world speaking tour and, according to Mrs. Vaughn, will resume the tour in Europe next September.

In his speech at the meeting, Canham said, "This is a thrilling moment, but also a very challenging one."

"Civilization stands at one of its greatest crises—perhaps the greatest and most dangerous yet encountered. The world can press forward into the light, or it can drop back into darkness."

Canham said he feels false confidence has brought society close to disaster.

In concluding Canham said, "Three major challenges must be faced—destruction of civilization by nuclear warfare; unchecked population growth leading to famine, and moral destruction of society through sensuality and licentiousness. Canham said he feels there are no successful answers except in the human conscience."

Another event in connection with the church's centennial this year was the publication of a 100-year report on the church's spiritual healing experience entitled "A Century of Christian Science Healing."

## Sen-Mundt Wins GOP Nomination

SIOUX FALLS, S.D. (AP)—Sen. Karl E. Mundt has easily won the Republican nomination for a fourth term in the U. S. Senate.

The veteran lawmaker, 66, scored a lopsided victory over Richard Murphy, 36, a Sioux Falls attorney.

Mundt will meet Democratic State Rep. Down Wright, 45, White House aide, in the general election. Wright had no primary election opposition.

LOOKING OVER MENU prior to preparing evening meal are members of one of the patrols taking part in the Snake River Area Boy Scout Council's Camporee last weekend. In background is a spring water lagoon in the Banbury Estate area, where the event was held. (Photo by Frank Mogensen)

## 240 Boy Scouts Participate In Camporee Near Banbury's

BOULDER—About 240 Boy Scouts of the Southside District, Snake River Area Council, participated in the annual Spring Camporee at the old Banbury estate last weekend.

Highlight of the Camporee was the five-mile hike. The nature trail took the boys down Snake River Canyon, across deep gullies then over a monkey bridge built by Troop 66 in Blind Canyon. Near this point Dennis Broening, Twin Falls, U. S. Department of Agriculture, Soil Conservation Service, gave an informative talk and demonstration.

The Scouts then hiked into the Canyon where Gordon Fry, forest ranger, gave a talk.

Leading the hike were Robert VanWormer, U. S. Department of Interior, Fish and Wildlife Service; Frank Mogensen, scoutmaster of Troop 67, and Bruce Smith, junior assistant scoutmaster of Troop 67.

Highlighting Saturday evening's campfire was the "Tapout" of Order of the Arrow initiates by the Mr. F. H. Lodge, led by Jack Asher and Archie Brown.

All scouts received a special camporee patch. Committee chairman in charge of the plans for the camporee was Dr. Charles Manners.

## 2 Colleges Get Grants for Water Project Research

SPOKANE (AP)—Washington State University and Western Washington State College have won grants totaling more than \$70,000 from the Interior Department for water resources research projects, Rep. Clarence May, R-Wash., said Wednesday.

WSU will get \$32,200 for a study of ecology of nematodes in irrigation water. Western Washington State College was awarded \$37,817 in study factors affecting movement of water and organisms within a multipurpose lake.

## Deadline Near

Individual taxpayers who filed declarations of estimated federal income tax must pay the second installment of tax due on the 1966 estimate by June 15, according to Calvin E. Wright, district director of Internal Revenue for Idaho.

Wright said mailing of the June 15 notices to taxpayers who filed declarations began last week.

Wright said if a taxpayer has made an error in his declaration, such as an incorrect or omitted social security number, there may be a delay of a few days before he receives the notice.

## Licenses Are Given Okay At Richfield

RICHFIELD—Third quarter beer licenses were approved at the Richfield Village board meeting Monday night.

They include William E. Swan, Pleasant Club and Cafe; S. J. Piper and Lyle Piper, Piper's Shopping Center; Mrs. Helen Peterson, Peterson's Food Market. Third Quarter liquor license also was approved for Swan, with an ordinance amended to give him a pro rated reduction in license fee for the period his business was closed.

The board acknowledged complaints received regarding disputes involving the ditch on private property in Block 27 and the fence being damaged by horses inside Block 26.

The board refused to enter into private disputes as long as they agree to be private matters not involving the village.

The board approved purchase of 500 tons of 1/2 inch chips from the highway district, to be stockpiled with the highway's chips if arrangements can be made with the district fire commissioner. Purchase of 100 feet each of 1 1/2 inch and 2 1/2 inch fire hose was also approved.

Barenders licenses for one year were approved for Donny Medley and Orin R. Murray, Pleasant Club. The resignation of Village board member, Edwin C. John-

son, was received. He has moved to Hilly. No action was taken to appoint a new board member. Graveling of village streets where necessary for oiling and work.

# How to succeed in business by really trying

Ford sales are at an all-time high.  
During May Ford outsold all other car makes!

The word is spreading—fast—that Ford Division is building the best cars it has ever built. And it's true. Never have Ford cars been so good—never have Ford sales been so high.

People discovered our 1966 Ford was the strongest Ford ever built. A strong car, well-engineered, is a quiet car—and the '66 Ford has a ride that is quieter than some of Europe's most expensive hand-built luxury cars.

Over a million people have already bought Mustangs. This rare blend of sports-car excitement and solid value is the most popular new car in history... and right now it's the world's best-selling hardtop—and convertible.

Wagon buyers are excited about our Magic Doorgate—the greatest step forward in wagon convenience in years. It opens out like a door for people and swings down like a tailgate for cargo. It's standard equipment on all Ford and Fairlane wagons.

Car shoppers discovered a whole new range of comforts and conveniences. The '66 Ford offers power front disc brakes, a Stereo-Sonic Tape System, America's largest V-8 to perform on regular fuel, Silent-Flo Ventilation that keeps air fresh with all windows closed, and a new Safety/Convenience Control Panel that lets

you lock all doors with one switch, has lights to warn if fuel's low or a door's ajar, reminds you to fasten seat belts.

A whole new group of sports-minded car buyers has come over to Fairlane. We've redesigned it completely with 29 new models, including GT's, sports-luxury XL's, convertibles, Squire wagons, and an exciting new Sport Shift Cruise-O-Matic Drive (on GT/A models) that gives you the ease of an automatic—or lets you shift manually for the fun of it.

People everywhere are finding out just how much extra value we've built into today's Ford cars—extra value that's the reason why Ford sales have soared to an all-time high.

And that's why Ford Dealers... leading from strength... are now offering you the best deals ever. There are specially equipped, specially priced Fords, Fairlanes and Mustangs, and special values on all our cars—across the whole line. See them soon.

## Mrs. Rice Is President of Wendell Club

WENDELL — Mrs. Chester Rice was installed president of the Wendell Club at the afternoon meeting at the Civic Club Room.

Mrs. Ralph Rega was installed vice president, and Mrs. J. M. Morgan, secretary. Serving as installing officers were Mrs. William Terry and Mrs. Raymond Evers.

The newly installed president appointed Mrs. Evers and Mrs. Charles Lusk as club reporters. The theme of the meeting was "Vacation Time," and all members told of their most enjoyable vacations. Mrs. Lusk received a gift.

Guests were Mrs. Ivan Miller, Fred Gibson and Mrs. Theo H. Brackenbury. Mrs. Miller enrolled as a new member.

The program, arranged by Mrs. Louise Houburg and Mrs. Raymond Ruby, included dance numbers and piano music by Lana Brackenbury, Jerome, and piano numbers by Sunny Sweet, Fairfield.

Members whose birthday anniversaries occur in June were honored. Chastings were presented to Mrs. Adda Lavender and Mrs. Inez Stevenson. Cornes were taken to Mrs. Anton Almborg at her home and Mrs. Ethel Inlow at the manor.

Action was taken to cancel the July meeting and to have a picnic Aug. 7.

Mrs. Raymond Lancaster and Mrs. Glenn Bright, members of the auditing committee, will report in September. Mrs. Young, chairman of the serving of dinners for the past year, gave a complete report of the year's work.

Hostesses were Mrs. Young, Mrs. D. H. Madlin and Mrs. Mary Harris, assisted by Mrs. Ruby and Mrs. Terry.

Banquets of 12 and parties were used for room decoration and arrangements of roses were centerpieces for the serving tables.

MR. AND MRS. BRUCE C. EIERMAN (Loyson photo)

## Miss Roseberry Is Bride of Bruce Eierman

JEROME — Karen Ann Roseberry, daughter of Mr. and Mrs. B. Roseberry, became the bride of Bruce Carter Eierman, son of Mr. and Mrs. J. Dudley Eierman, Mountain View, Calif., in a ceremony held May 12 in the Fireside Room of the United Presbyterian Church.

The double ring rites were performed by Rev. George Barnhart before a background setting of baskets of yellow and white chrysanthemums, flanked by white tapers in candleabra arranged before the fireplace.

Mrs. John T. Steile Jr. played the traditional wedding music and accompanied Keith Johnson, soloist.

Given in marriage by her father, the bride wore a gown of pearl de sole and lace, fashioned with a scooped neckline and a lace bodice, enhanced with lily point sleeves. The bell-train skirt was enhanced with an overlay of lace, and with streamers accented the back of the gown.

Her veil of silk was held by a crown of silk leaves highlighted with seed pearls. She carried a colonial bouquet of yellow carnations and white lilies enhanced with matching shower ribbons.

Maid-of-honor was Karla Roseberry, sister of the bride. David King, brother of the bride, was best man. Ushers were Steven Roseberry and Park.

Black Roseberry, brothers of the bride.

A reception was held at the home of the bride's parents, where guests were registered by Diana Pappas, Castleford. Gifts were displayed by Mrs. Larry Stubbs, Long Beach, Calif., Gay Morris and Chris Fritzler.

The bride's table was covered with lace over pink and centered with a three-tiered white wedding cake. Three round layers formed the base of the cake and the tiers were separated with columns and white swans.

A miniature bride and groom, accented with lilies of the Valley, with a background of tulips, topped the cake.

Mrs. Bruce Roseberry, Richfield, aunt of the bride, and Mrs. Clure Fife poured. Mrs. Roger Freeman, Shoshone, aunt of the bride, cut and served the cake.

The couple took a wedding trip to Lake Tahoe.

The couple will reside at 520 Walker Drive, Mountain View, Calif. Guests attended from Long Beach, Calif.; Seattle, Wash.; Kailua, Hawaii; Boise, Fairfield, Shoshone, Castleford, Hazelton, Shoshone, and Richfield.

The bride was honored at a personal shower hosted by Margaret Baldwin at Allied Arts Restaurant, Menlo Park, Calif.

**ATTEND WEDDING**

KING HILL — Mr. and Mrs. Donald Spies and family have returned from Brunswick, Neb., where they attended the wedding of his brother, Charles R. Freeman, Shoshone, cousin Spies, and Dorothy Wade. They of the bride, was best man. Ushers were Steven Roseberry and Park.

## Geaniel Cope, Hurley Reveal Wedding Date

SHOSHONE — Mr. and Mrs. Cecil Cope announce the engagement of their daughter, Geaniel, to James D. Hurley, son of Mr. and Mrs. Everett K. Hurley, Boise.

Miss Cope is a 1964 graduate of Shoshone High School and is employed at the Elks Rehabilitation Center, Boise. Hurley is a graduate of Boise College.

A July wedding is planned.

## Social Events

The Swinging Sixties will dance at 8 p.m. Friday at the Moose Hall. Coffee and punch will be furnished.

**WENDELL** — Open installation of officers and choir of Wendell Bethel No. 12, International Order of Job's Daughters will be held at 8 p.m. Thursday at the Masonic Temple. Jane Hansen will be installed as honored queen by Susan Cooper, retiring honored queen.

**Group Meetings For Christian Women Held**

Group meeting of the Christian Women's Fellowship of the First Christian Church conducted meetings this past week.

Group No. 1 met at the home of Mrs. Richard Filinn Jr., with Mrs. Maurice Allen giving the devotional service. Mrs. Beulah Sweet presented the lesson, "Called to be God's People as Christians."

Members of Group No. 2 convened at the home of Mrs. Herman Grabert for a no-host salad luncheon. Mrs. C. P. Bowles gave the devotional service and Mrs. Grabert read an article, "Freedom Must Be Protected."

Slides were shown of pictures taken by Mr. and Mrs. Grabert on an extended trip to the eastern and southern states.

Group No. 3 met for a no-host luncheon with Mrs. Donald Hoffmann. The devotional service was presented by Mrs. Ralph Howard. The lesson was given by Mrs. Franklin Sharp.

**Officer Named**

SPOKANE, Wash. — Mary Melissa Kevan, daughter of L. Col. and Mrs. William E. Kevan, Spokane, former Twin Falls residents, was installed honored queen of Bethel No. 12, International Order of Job's Daughters, Spokane.

Ms. Kevan is the granddaughter of the late Mr. and Mrs. Charles W. Kevan.

## Magic Valley Favorites

MRS. HERMAN E. HALL

Route 7, Jerome

**Barbecue Hamburger SAUCE**  
1 cup catsup  
2 tablespoons dry mustard  
½ teaspoon cayenne pepper  
1 teaspoon salt  
4 tablespoons lemon juice  
3 tablespoons worcestershire sauce  
2 tablespoons vinegar  
¾ cup water  
Mix the above ingredients and bring to a boil. Simmer for 10 minutes.  
Brown two and one-half pounds hamburger, one cup

diced celery and one medium-sized onion, diced, in one tablespoon shortening. Salt to taste.  
When evenly browned and in small pieces, add the sauce and simmer for 10 minutes.  
Serve on hamburger buns. This makes a different tasting barbecue with the celery and lemon juice added.  
Makes about 20 servings. The hamburger can be frozen and used at a later date.  
(The Times-News will pay \$5 a week for the best recipe submitted for Magic Valley Favorites. If you

Wednesday, June 8, 1966

DOWNTOWN • TWIN FALLS

Appears: Certainty  
 TON (AP) - The Commercial Television said Tuesday a night appears, all night against the negotiations of Western Union. The last company offer Tuesday was a 4 per cent wage hike, Hagaman said.

The union also wants another 6 per cent pay hike in the second year of a two-year contract, while the company has offered 3.0 per cent, the union president said.

The union negotiating committee sent a telegram to all union locals Tuesday saying the talks are deadlocked, and that "all locals and all members should go on strike against Western Union at 12:01 a.m. EDT Wednesday."

## 2 Democrats Disputing Vote Polls

By The Associated Press  
Two Democratic candidates for governor took exception Tuesday to polls indicating they would not be endorsed in Coeur d'Alene this weekend.

Charles Herndon said in Salmon his strength is "far higher than the polls disclose."

He added: "I wonder if certain poll takers could be biased or hope to influence uncommitted delegates with such erroneous results." Herndon did not identify the polls he was speaking of.

The AP poll covered about half of the delegates who will vote this Friday and Saturday. State Sen. Cecil Andrus of Orofino and Boise television executive H. Westernman Whitlock were listed as the front-runners. Governorial candidates must receive more than 20 per cent of the delegate vote to be endorsed.

## Ignites Roofs

NAGPUR, India (AP) — Temperatures ranging up to 120 degrees in the May-June heat wave ignited palm leaf roofing on some village huts, Director M. G. Pradhan of the National Fire College reported. He investigated a series of fires that caused considerable loss of life and property.

## Richfield Starts Vacation School

RICHFIELD—Richfield's one-week vacation Bible school opened Monday with an enrollment of 43 students. Overall theme is "The Church."

Mrs. G. M. Pridmore, supervisor, announces the names of two additional teachers, Mrs. Carl Paulson and Mrs. Max Behr. Teacher's assistants are Janine Pridmore, kindergarten; Carolyn Powell, primary; Manone Pope, Junior 1, and Glennis Conner, Junior 11.

Concluding program will be presented by Bible School students during the 10 a.m. Sunday School hour this Sunday. Children's Day and Student Recognition Sunday also will be observed. Parents and interested persons are invited to attend.

## Grasshoppers Moving to Lower Level

MOSCOW, Idaho (AP)—Grasshoppers are moving from dry rangeland to lower ground in search of food, threatening serious damage to some areas of Idaho, entomologists at the University of Idaho reported Wednesday.

Southwestern Idaho is facing the most serious danger at the moment, the scientists said, although there are problem areas scattered throughout the southern part of the state.

They said their surveys show severe damage to about 200,000 acres in Ada County, 50,000 acres in Washington, Adams counties, 34,000 acres in Canyon County and 32,000 acres in the Horseshoe Bend area.

State and federal officials are trying to develop voluntary control programs on rangeland in these areas.

## 49 Remain in Spelling Bee Competition

WASHINGTON (AP) — Forty-nine bright-eyed young scholars survived a barrage of tricky words and were still in competition today as the 35th annual National Spelling Bee recessed for lunch.

Twenty-two others, champs in communities scattered across the nation, had fallen by the wayside. Little words of four letters, like "fief," were proving big stumbling blocks in cases.

Confronted with this one, meaning medieval land tenure, Steve Elkins, 11, from Wilmington, N.C., spelled it "fefe."

By Thursday night the grand champion will have been chosen and endowed with \$1,000 cash, a weekend trip to New York, a trophy cup and a gold medal. Prizes to the other finalists will bring the grand total of award money to \$3,700.

The 71 youngsters, all under 15, are regional winners of competition in which more than 8 million children took part. Sponsors of the national contest are the Scripps Howard newspapers in 15 cities and 55 other daily and Sunday papers.

## Frank Phillips Honored at Rites

GOODING—Funeral services for Frank Phillips were conducted at 2 p.m. Tuesday at Thompson Chapel by Rev. Jim Davis of the Assembly of God Church. He was assisted by Rev. Einar McGhee.

Mrs. Davis sang two songs, with Mrs. Star Umphreys as accompanist.

Active pallbearers were Jack Martin, Fay Hoyt, Dewey Morgan, Al Burton, Cecil Hammons and Warren Jones. Honorary pallbearers included Fred Hendricksen, Clyde Osborne, Emerson Crothwaite, Ray Stregge and Charles Fugua. Concluding rites were held at Elmwood Cemetery, with prayer given by Rev. McGhee and eulogies by Rev. Davis. Burial was in the 1007 Lodge No. 134.

## Court Warns Judges After Decision on Sheppard Case

WASHINGTON (AP) — With a soft Texas drawl by Justice Tom C. Clark to a chamber packed with springtime tourists, the Supreme Court served up a warning to trial judges.

The decision, read Monday in

words, by newsmen who "looked over" practically the entire courtroom, "barring" most of the participants in the trial, especially Sheppard.

Blythin was blamed for giving reporters unprecedented "space" in the section reserved for lawyers, for the "frequent confusion and disruption" caused when reporters moved in and out of the courtroom, for assigning a broadcasting station space new to the jury room, for the "constant commotion" in the courtroom.

Outside the courtroom, the onus for a trial in-

and had borne him a child. Newspapers "summarized and interpreted" the evidence, Clark said, "and they drew unwarranted inferences from testimony."

"At one point," Clark wrote, "a front-page picture of Mrs. Sheppard's blood-stained pillow was published after being 'doctored' to show more clearly an alleged imprint of a surgical instrument."

Many other "tainted ap-

judge who, gave them "free rein," combined to deprive Sheppard in 1954 of the "judicial solemnity and calm to which he was entitled."

This is a Supreme Court which holds the First Amendment guarantee of a free press very dear. But this is a court which notes also "that unfair and prejudicial news comment on pending trial has become increasingly prevalent."

## Space Trips Hold Special Stir for Girl

PERTH, Australia (AP) — Nurse Sue Laidlaw of Perth sees her flanco whenever a U.S. astronaut is shot into space. It is a member of the U.S. rescue team which flies to Perth for each manned space flight.

"Whether I see my flanco or

not depends on an astronaut. The more flights they make, the happier I am," said Sue, 19.

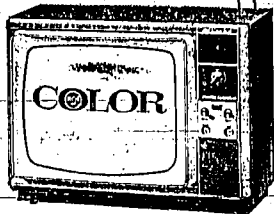

The couple plan a wedding between space flights in December. They will live in San Diego.

## French Troop Future Role Is Kept Alive

BRUSSELS (AP)—The vital question of the future role of 72,000 French troops in Germany was kept alive today after the Atlantic Alliance foreign ministers themselves had decided to shunt it to their respective governments.

Last-minute personal diplomacy on the part of Dutch Foreign Minister Josef Luns apparently stayed off what might have become a major crisis for the North Atlantic Treaty Organization.

Shortly after a NATO spokesman had announced the breakdown of compromise proposals on the troops issue, Luns disclosed to British Foreign Secretary Michael Stewart and Secretary of State Dean Rusk that he had arranged with the French for further consideration in ministerial session later in the day.

Luns is chairman of the 14 NATO members and he personally had carried the compromise proposal earlier to French Foreign Minister Maurice Couve de Murville. The Frenchman countered with several modifications and then the full ministerial council took up the matter. The compromise provided that the NATO political council decide the future of the French troops in Germany, informants said.

The future status and role of the French troops is a key issue governing France's future relations with all her NATO partners.

French President Charles de Gaulle removes them from NATO command July 1. The NATO ministers have sought ways to keep them at least keyed in with other Western forces. If no solution is found, De Gaulle is bound by his own public statements to begin pulling them out July 1.

If he should complete withdrawal from Germany, a breach in the hitherto solid Allied front toward the East would result.

## More U. S. Soldiers Are Put Into Battle Every Day

SAIGON (AP)—More U.S. soldiers are being put into battle almost every day, and the general expectation here is that the Americans in Viet Nam will

total 400,000 in about six months. The total now is around 280,000.

A pattern of American strategy has emerged in the past few months.

It began with simple holding operations when the U.S. Marines first landed at Da Nang more than a year ago. As the U.S. forces expanded and the

next step is evidently to send out larger units and hopefully have them stay — or at least leave behind strong enough Vietnamese units to hold the ground won.

The headquarters thinkers do not speak of conventional offensives and attacks and victories and defeats. They apply themselves to the grinding task of continuing pressure against an enemy who frequently retains the ability to dictate where and when he will stand and fight.

Besides the Americans there are 24,000 Koreans and 5,000 Australians to beef up the South Vietnamese. Another division of Koreans is on the way. South

Viet Nam claims 700,000 men under arms. As new troops arrive they will be put in the field as soon as they go through relatively brief on-the-spot training. They will not be hoarded to start any great, strategic offensive because, in fact, the offensive has been under way for months.

One objective is to delay the rice harvest to the Viet Cong. Staff officers say many Communist elements are already

critically short. Another objective is to strengthen control of the strategic central highlands and make infiltration of men and supplies through Laos and Cambodia more difficult.

The long-term U.S. goal, he-

## Insects' Nutritional Value Explored by Physiologist

NEWPORT — BEACH, Calif. (AP) — The message is simple enough: "I believe that dieticians and economists should seriously explore the nutritional value of insects and the possibility of extracting their protein and incorporating it into other food stuffs."

But it's a message that Dr. Ronald L. Taylor, an insect physiologist-pathologist at the University of California's Irvine campus, has been having a tough time getting across.

The trouble arises when he gets to details, such as "To really appreciate intact recognizable insects as food they need to be prepared fresh."

"Yukkkkk! Blahhhhh! Creepy!" are the usual verbal responses and evaluations go up. Especially when Taylor tries up a batch of still-quivering caterpillars and passes them around.

Still, Taylor, 28, continues spreading the word. But as a researcher concerned primarily with inducing tumors in insects and testing any nucleic acids they produce, he doesn't have too much time for it. He hopes to find out what these acids are and whether they're possibly a virus, a finding other researchers might be able to use in cancer research.

He considers research on human use of insects as a protein source a necessity.

"Some say that if the population increase continues at its present rate we have at best 50 to 60 years of steak and then we will have to turn vegetarian or find other sources of animal protein."

Implemented as troops arrive, is to enlarge the present coastal enclaves until they eventually merge. This, of course, is really long-range planning.

**FALSE TEETH**  
That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTZETTS, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Have no sour, sticky "plate odor breath." Get FASTZETTS at drug counters everywhere.

## Minister Resigns

SEATTLE (AP) — The resignation of Rev. Dr. Clement E. Hahn as general secretary of the Washington Northern Idaho Council of Churches, effective Dec. 31, will be submitted at the council's annual meeting in Vancouver, B.C., in November.

Dr. Hahn is retiring from the active ministry.

But Taylor eats them that way, and likes them. He sees them also as a great cocktail party conversation-starter, and, possibly, a way to start breaking down prejudices against the eating of insects.

## 500 Firemen In Atlanta Go on Strike

ATLANTA (AP) — About 500 of Atlanta's 728 firemen have gone on strike in a dispute over wages and hours.

They rejected a plea by Mayor Ivan Allen Jr. Tuesday night to return to work. Some booed him as he spoke to them in a union hall.

The city obtained an injunction from Fulton County Superior Court Judge Virlyn Moore ordering the firemen to return to work and forbidding them to resist or obstruct.

The injunction is directed against the Atlanta Firefighters Union, Independent, formed two months ago. The firemen meet today, and union officials talk with the mayor and city officials later.

The city, which has more than 500,000 within its corporate limits, improvised its overnight fire protection, spreading those firemen remaining on duty around the various stations and pressing policemen into service.

Airport officials assigned several maintenance men to duty in case of emergency. Air traffic was not disrupted.

Capt. James L. Martin, union president, said firemen remaining on their jobs were "mainly superior officers and those who have only a few months to make their pensions. They are there and that's their problem," he said.

Martin said the union would respect any court order but would rely on the advice of its attorney in obeying the order, obtained Tuesday night. The attorney, Robert Mitchell, said he didn't want to comment on the injunction because he had not seen it.

The firemen at first were asking for reduction of a 60-hour week to 56 hours, Martin said, with time and one-half pay for work over 40 hours, and a \$100 a month raise. The firemen's present base pay is \$1.85 an hour with top pay of \$1.91 an hour. They have 20 days per year paid vacation, but Martin said it actually is less than this. "Now we're just asking for shorter hours and higher pay in general," he said.

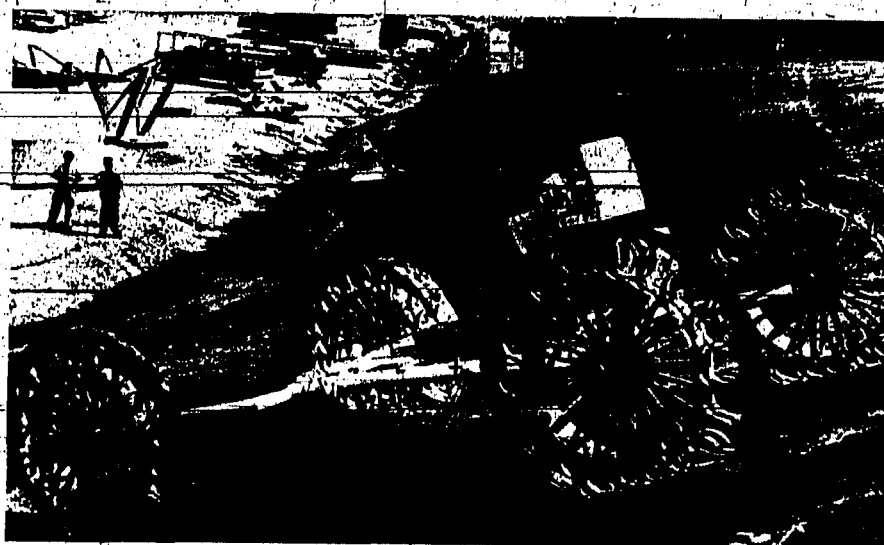

William Buck, president of the International Association of Fire Fighters, AFL-CIO, said Tuesday night in New Albany, Ind., the Atlanta walkout apparently is the first strike of fire fighters against an American city in more than 40 years. Buck also said no group of firemen had ever won a strike.

### DIES IN VIET NAM

WASHINGTON (AP) — The Defense Department Tuesday announced that Marine Capt. Gary J. Foster has died in Viet Nam of non-hostile causes. He was the son of Mr. Zelma Foster of Boise, Idaho.

He was one of 10 casualties announced Tuesday.

19TH CENTURY FARM MACHINE? No, it's an experimental vehicle built to aid in design of future "mooncars" for astronauts exploring the lunar surface. Its builder, Bendix Corp., demonstrated the vehicle's climbing and maneuvering abilities Tuesday at NASA-Marshall Space Flight Center at Huntsville, Ala. (AP wirephoto)

## Indian Hill Desert Venture Ruled Illegal by BLM Aide

WASHINGTON (AP) — An examiner for the Federal Bureau of Land Management has ruled the 3,700-acre Indian Hill desert venture on lands in Idaho's southwestern Owyhee County illegal.

Involved are 12 parcels of federal land the Interior Department says are being operated as a single irrigated farm.

The examiner, Dent Dalby of Salt Lake City, recommends Interior Secretary Stewart Udall deny petitions for title to the lands which have not already been patented. Some of the property has already been patented to private parties.

Dalby recommended the lands be returned to BLM management.

But last year, Udall asked the Justice Department to consider filing suits to restore the land to public ownership.

Ten of the 12 land entries were contested by the BLM in 1964, but the decision was in favor of the entrants.

At issue is whether a series of agreements, promissory notes, mortgages, leases and pledges of stock, involving individual entrants and three corporations, meet the requirements of desert land laws.

Dalby's 85-page decision finds that agreements with one of the firms involved, Hondo Corp., gave the firm "complete dominion over the entries for 20 years and constituted a prohibited holding in excess of 320 acres."

In 1965, Udall told the attorney general there were a dozen or more other groups of desert land entrants along the Snake River involving 500 individuals.

The examiner also found that most of the entrants did not pay \$3 per acre to reclaim their entries and for the most part their "only contribution to the reclamation was affixing their signature to documents which resulted in no personal liability."

At the man's instruction, Mrs. Bateman went to the bank, withdrew \$2,100 bills, had them sealed in an envelope and handed it to the detective who had instructed her to meet him on the bank parking lot.

The confidence man was described as about 30 years old, with dark hair combed straight back. He was carrying a brief case, the woman said.

## Receive Letters

GENEVA (AP) — American prisoners in Viet Nam are receiving on average 50 letters a week from friends and relatives, the International Red Cross Committee said Tuesday. The letters are delivered by the all-Swiss, neutral committee via the Red Cross Society of Communist North Viet Nam.

## Republicans Have Name For Elephant

WASHINGTON (AP) — GOP gains: "Republican Ann," a 250-pound elephant, helped the Republican congressional committee celebrate the 100th anniversary of its founding Tuesday night.

More than 1,200 tickets were sold for the party, staged at the Washington Hilton hotel. The cost per ticket? \$250. GOP officials estimated the affair pumped about \$250,000 to the 1966 congressional campaign kitty.

The three main speakers were former Vice President Richard M. Nixon, House GOP leader Gerald R. Ford of Michigan and Rep. Bob Wilson of California.

As an added incentive, the fund raisers sponsored a contest to give a formal name to the traditional elephant symbol of the grand old party. The winning name was "Republican Ann" and a live elephant was on hand for the awarding of the top prize — a round trip for two to the gala.

## Tax Official Talks Friday At Rupert

RUPERT — The public is invited to a meeting at 8 p.m. Friday in the Minidoka County High School auditorium, when Max Yost, executive manager of the Associated Taxpayers of Idaho, will be featured speaker.

The meeting is sponsored by the Minidoka County Farm Bureau and attendance is urged at this informative meeting which will include a question period.

Yost has held his present position for the past 20 years and is well informed on the tax situation in Idaho. Farm Bureau officials say.

After serving four and one-half years with the Hydro Electric Generating Plant at American Falls with the Idaho Power Co., he worked as an accountant for five years. He also served for a year as field accountant for the UNRRA with offices in London.

Since 1946 he has served as executive manager of the Associated Taxpayers.

Active in civic affairs, he is a director of the Boise Chamber of Commerce and president and division lieutenant governor of Kiwanis Club.

He served as consultant on several state interim committees and is chairman of the National Taxpayers Conference, an alliance of 38 state taxpayers associations.

## Pilot Says Crash Probe Was Unfair

DENVER, Colo. (AP) — Gale C. Kehmeler, 48, pilot of a jet liner that crashed and killed 49 persons at Salt Lake City, says the Civil Aeronautics Board overlooked three major factors in its investigation.

The CAB report, released Monday, blamed Kehmeler for the crash of the Boeing 727 last Nov. 11. Among other things, it said Kehmeler "failed to take timely action to arrest an excessive descent rate during the landing approach."

Kehmeler, who resigned last April 1 as a United Air Lines pilot, told a reporter: "As the only surviving pilot of the 727 accident, I speak for four canopies. The traveling public is entitled to better investigative practices as to probable cause than those now employed by the CAB."

In the Salt Lake City investigation, Kehmeler said the CAB failed:

— To endorse several witnesses who had observed his plane on fire prior to impact.

— To call as a witness United flight manager M. W. Wiley "who would have been able to certify my competence as a pilot."

— To make public information certain interviews with co-pilots who had flown with Kehmeler.

**SITE NAMED**

KINGFIELD, Maine (AP) — Officials of Sugarloaf Mountain said Tuesday that the area had been confirmed by the NCAA coaches committee as the site of the 1967 Intercollegiate ski championships next March 1-3.

HENRY W. MANNING

son of Mr. and Mrs. Daryl W. Manning, Route 1, Paul, has been commissioned a second lieutenant in the U.S. Air Force and received his U.S. degree Wednesday from the U. S. Air Force Academy. He will remain at the academy as a member of the athletic coaching staff.

**Runs Ad**

MIAMI, Fla. (AP) — "Wanted — male — age 20-30, willing to relocate. Must love adventure, long duty hours, mosquitoes and rain. I have been here too long. Need a replacement."

That classified ad, appearing in the Miami Herald, was placed by Army Spec. 4 William Wicraft, 22, who has been stationed in Viet Nam since February.

## 3 Members Accepted by Area Grange

HAGERMAN — Master William Scruggs conducted the regular business meeting of the Hagerman Grange Monday evening when three new members were accepted. They are Mr. and Mrs. Malcolm Hengley and Mrs. James Holt.

A letter from CARE was read describing the Grange - CARE water pump program. This has made possible the installation of hand pumps which have been distributed in Ecuador. Each pump serves the needs of 200 persons. An offering was taken for this project.

Resolutions to be acted on at the State Grange were presented for study and action.

The next meeting will be at 7:30 a.m. June 20 with a potluck supper and card party after.

Refreshments were served by Mrs. Nora Clifford and Mr. and Mrs. Rex McAnulty.

## Copper Shortage Is Delaying Work

TOKYO (AP) — The world copper shortage is delaying construction of Emperor Hirohito's new palace.

The plans call for 800 tons of copper, mostly for roofing, but the copper shortage has jacked the price up to as high as \$2,500 per ton compared to \$838 last year.

Officials estimate they'll have to add another million dollars to the construction budget — or wait until the price goes down.

# Today's Market and Financial Report

## Stocks

NEW YORK (AP)—The stock market closed with a moderate gain today despite a ragged performance. Trading was moderate.

Much of the strength was shown by old favorites among the color television, electronic, airlines and aerospace stocks.

Here was the picture near the close:

Volume for the day was estimated at 4.3 million shares compared with 5.5 million Tuesday.

After an irregular start, strength in airlines fanned out to other groups. Many important sections were still ragged.

Including action in automobiles, chemicals and utilities. The Dow Jones industrial average closed at 34 1/2, up 1/2 from 34 1/4, while United and Pan American gained about 2 each and American and Eastern a point or more. Northwest Airlines spurred 4 points.

Up 4 or 5 points: Xerox and Motorola. And about 3 points: Zenith, IBM, Polaroid, Texas Instruments and Texas Gulf Sulphur. Fairchild Camera jumped 5.

SCM Corp. rebounded about 2 as it paced the list on volume.

Advances in autos or autos were secured by Sperry Rand, Raytheon, Kennecott, Conroe Data, U.S. Smelting and Illinois Central.

Other gains of a point or so were made by Magnavox, Col. line Radio, Gulf & Western Industries, Goodrich and Kennecott. Eastman Kodak recouped 2 or more.

American Telephone sank a fraction to another four-year low of 23 1/2 on its financial structure continued. General Motors edged while American Motors gained a fraction.

Du Pont, Santa Fe, Jersey Standard, Chrysler, Union Carbide and Reynolds Tobacco were fractional losers.

Delmarva Power & Light lost 1/2 at 21 1/2.

Prices advanced in moderate trading on the American Stock Exchange.

NEW YORK STOCK EXCHANGE

# Mets Pick Chilcott as No. 1 Baseball Prospect, Send Stengel to Woo Him

NEW YORK (AP) — The New York Mets picked Steve Chilcott, a hard-hitting high school catcher from California, as their first choice in baseball's annual free agent draft Tuesday, and then sent Casey Stengel out to try to sign him. Chilcott, a 6-foot-1, 180-pound pitcher, was drafted Thursday night from Antelope Valley High School in Lancaster, Calif. Stengel, former manager of the Mets and now

## Horton Paces Detroit Over Red Sox 2-1

DETROIT (AP) — Willie Horton tripled in the seventh inning and scored the tie-breaking run on Bill Eickhoff's sacrifice fly as the Detroit Tigers edged Boston 2-1 Tuesday night behind the three-hit pitching of Mickey Lolich and two relievers. Lolich, who yielded a second-inning homer to Tony Conigliaro, picked up his sixth victory in nine decisions with relief help from Larry Sherry and Johnny Podres. Lolich tripled leading off the third inning and scored the tying run on Dick McAuliffe's sacrifice fly. Conigliaro tried to make a shoestring catch of Lolich's sinking liner, but it skipped past him and rolled to the barrier at the 325-foot mark. Boston 010 000 000—1 3 0 Detroit 001 000 100—2 8 0 Sadowski, McMahon (7) and Ryan; Lolich, Sherry (8), Podres (9) and Freeman, W. Lolich 6-3, 1—McMahon 1-2. Home runs—Boston, Conigliaro (9).

## Orioles Trim Senators 6-5 In 12 Innings

BALTIMORE (AP) — Frank Robinson singled across a run in the 12th inning, clinching a three-run rally that gave Baltimore a 6-5 victory over Washington Tuesday night. The Orioles rally wiped out a 5-3 lead the Senators had taken in the 11th, when Ken McMullen's two-run single. With one out in the bottom half, Russ Snyder walked and scored on Andy Etchebarren's triple. Pinch hitter Woodie Held then tied the game with a single. Luis Aparicio followed with another single, and the runners moved to second and third when Ed Brinkman bobbled the throw. Brock Powell was walked intentionally, loading the bases, before Robinson singled for the winning run. Washington 200 000 010 002—5 10 2 Baltimore 300 000 000 003—6 13 0 McCormick, Cox (7), Humphreys (7), Kline (12), Bosman (12) and Casanova; Bertina, S. Miller (8), Watt (11) and Etchebarren, W. Watt 6-1, 1—Bosman 1-2.

## Snead Fails to Get Open Berth

By The Associated Press. Sam Snead, world famed veteran golfer from Hot Springs, W. Va., failed to qualify Tuesday for next week's U.S. Open Golf Championship in San Francisco. The 54-year-old Snead, who has competed in 25 straight National Opens, shot a 36-hole seven-over-par 151 in the sectional qualifying at the Detroit Country Club. He failed to qualify by one stroke and became an alternate. Alex Sutton, a 31-year-old pro from Redwood City, Calif., posted the day's best score for the 71 who qualified in six sectional sites. He toured the San Francisco Golf Club course in a five-under-par 137.

# Koufax Ties Record for Late Entry In Batting Race, Gets First Two Hits

NEW YORK (AP) — No wonder Sandy Koufax is a late entry in the National League batting race. How many hitters start strong after missing spring training? Koufax, the Los Angeles Dodgers' phenomenal southpaw pitcher, collected his first hits of the season in a 16-3 victory over New York Sunday — and tied a modern National League record by getting both of them in the same inning. The major leagues' No. 1 pitcher ended an 0-for-35 string with a one-out double in the seventh inning of the Shea Stadium doubleheader opener. Minutes later, he capped the Dodgers' seven-run explosion with a two-run single. "Last year I broke a 10-year slump," he said, "and it looked like I was starting another one this year." Then he added, with a wide grin, "I missed spring training so I'm a little late." He and Don Drysdale sat out all but the last week of the spring training because of a contract dispute. Sandy enjoyed his best year at the plate in 1965, striking 20 hits for a .177 average. His previous high total was seven and he had not managed to crack the .100 mark in four seasons. He failed to hit in his first 13

their West Coast representative, will be waiting in the wings with a fourth-inning pen. The free agent draft followed a special phase selection at which clubs were given another chance at players drafted previously but unsigned. One hundred and four prospects from a master list of 172 were plucked by the majors for themselves and minor league teams of all classifications. The San Francisco Giants had first pick in the special phase ceremony and chose Bill Frost, a pitcher from the University of California. He had been drafted previously by Cincinnati.

Chilcott was one of the prize players in the first round, but was thrown open to major league directors at their annual draft. The California youngster, a third baseman for two years before being "moved" behind the plate in his senior year, had seven homers and 33 runs batted in this year with a batting average of .309. The Kansas City Athletics, picking second, chose Reginald M. (Reggie) Jackson, a 6-foot, 180-pound outfielder who batted .327 in 52 games with Arizona State. Jackson, 20, son of a Wyncote, Pa., tailor, is one of six children. He was a 10-letter man in four sports in high school. He had nine doubles, six triples and 15 home runs. He also stole 15 bases.

Another outstanding high school athlete, Tom Grieco, an outfielder, was picked up by the Washington Senators. Grieco, a 6-1, 185-pounder, was an all-star star at Pittsfield, Mass., High School, batting .458 on the baseball team and quarterbacking the football team. The heaviest emphasis in the draft was on pitchers, with nine of the 20 clubs choosing players of that specialty. Houston, with the third choice, picked Wayne Twitchell, a right-handed pitcher from Portland, Ore., and the Boston Red Sox, next in line, plucked Kenneth Brett, a left-hander from El Segundo, Calif. Both are high school boys. Other pitchers chosen were: Chicago Cubs, Dean Burck, right-hander from Highland, Ill.; Philadelphia, Mike Biko, a right-hander from Mesquite, Tex., in school at Dallas; Atlanta, Alan Santorini, right-hander from Union, N.J.; Cleveland, John Curtis, left-hander from Smithtown, N.Y.; Cincinnati, Gary Nolan, right-hander from Ojai, Calif.; San Francisco, Robert Reynolds, from Seattle's Ingram High School, and Los Angeles, Larry Hutton from Greenfield, Ind. All are high school boys.

Mani, who was chosen by the Braves, is rated one of the country's finest prospects. Another is Carlos May, an outfielder from Parker High School in Birmingham, Ala., picked by the White Sox. May is the brother of Lee May, a first baseman who played with Cincinnati before being shipped to Buffalo. Two other clubs went for outfielders. They were the New York Yankees, who selected James Little from Florida State, and St. Louis, who got Jeron Lee, an outfielder-infielder from Grant High School in Sacramento, Calif. Five others chose infielders. They included the California Angels, who picked shortstop James Deneff from Indiana University; Pittsburgh, who chose Dick Hebler, a shortstop of Norwood, Mass.; Baltimore, who selected shortstop Ted Parks from the University of California; and Minnesota, who picked third baseman Bob Jones of Dawson, Ga.

After the big seventh inning burst, Koufax was touched for two runs in the bottom of the inning, the first he had allowed in two games. "I was a little tired from running the bases," he admitted, "but I felt better in the eighth after sitting down while we were at bat." Several teammates stopped at Koufax' cubicle in the dressing room to congratulate him on his seventh straight complete-game victory and kid him about his heavy stickwork. "You better suit up," said Wes Covington. "You're pinching hitting in the second game." "That'll be the day," said Koufax.

## Clemente-Led Pirates Whip Cardinals 9-1

PITTSBURGH (AP) — Roberto Clemente triggered an eight-run eighth-inning rally with a single and climaxed it with a three-run homer as the Pittsburgh Pirates whipped St. Louis 9-1 for their sixth straight victory. Clemente's single was the first of five straight for the Pirates. The next two, by Willie Stargell and Jerry Lynch, broke a 1-1 deadlock, and another by Jim Pagliaroni brought Don Dennis in for Bob Gibson. Before Clemente ended the rally with his homer into the right-field stands, Donn Clemente drove in a run with a single, pitcher Don Cardwell with a bases-loaded walk and Bob Bailey with a ground out. Cardwell stopped the Cardinals on four hits, allowing only a first-inning run on Orlando Cepeda's sacrifice fly. St. Louis 100 000 000—1 4 0 Pittsburgh 100 000 08x—9 13 0 Gibson, Dennis (8), Woodeschick (8) and McCarver; Cardwell and Pagliaroni; W. Cardwell 2-4, L—Gibson 7-6.

## 13 Americans Advance in British Meet

CARNOUSTIE, Scotland (AP) — Bill Hyndman and Bill Campbell, both former U.S. Walker Cup players, led 13 Americans into the third round of the British Amateur Golf Championship Tuesday on a day that provided a couple of upsets. Hyndman, the 50-year-old insurance executive from Philadelphia, defeated an English international player, David Moffat, on the 20th green after being three down at the tenth hole. Campbell, of Huntington, W. Va., defeated John Brabson, a U.S. Navy lieutenant from Charlotte, N.C., 4 and 3.

The upsets came with the defeats of two seeded players — British Isles Walker Cup captain Joe Carr and Sandy Sandler, a Walker Cup star from Scotland. John Leach, a little-known Englishman, topped Sandler 2 and 1, and Donald Marr, another English player, defeated Carr, 1 up. Marr won his match with one of the greatest shots of the day on the home-hole. His approach landed on the bank of a burn (stream) protecting the green. Marr stripped off his shoes and socks and waded into the water to play the shot. The water lapped almost to his knees as he let fly, and out came the ball to within five feet of the hole. Other Americans left in the last 64 were Frank Stranacci of Miami, Fla.; Henry Winters of Charlotte, N.C.; John Hoey of Baltimore, Md.; W. R. Gibson of Houston, Tex.; Walter Fendren of Houston, Tex.; Richard Anthony of Andalusia, Ala.; Arthur Hudnall of Elyria, Ohio; Truman Connell of North Port Beach, Fla.; Billy Key of Columbus, Ga.; Bill Hamilton of Anniston, Ala.; and Charles McCallister of Fort Lauderdale, Fla. Hector McDonald, a Scot enticed from Southfield, Mich., also got through to the third round.

COLLISION OF TWO Chicago Cubs, shortstop Don Kessinger (11) and leftfielder Byron Browne, let the batter of a high fly ball go all the way around the bases in a game with Los Angeles in Chicago Tuesday. The impact of the crash sent Kessinger's mitt and hat flying. The Dodgers won 8-6. (AP Wirephoto)

## Two Homers Lift Dodgers Past Cubs 8-6

CHICAGO (AP) — Jim LeFebvre's 12th home run and a routine fly by Al Ferrara which went for a homer when two Cubs collided gave the Los Angeles Dodgers an 8-6 10-inning victory over the Chicago Cubs Tuesday. Left fielder Byron Browne and shortstop Don Kessinger crashed going after Ferrara's soaring fly ball in the 10th after LeFebvre hit one into the right-field bleachers. As Ferrara cleared the bases for his second home run of the game, the two players lay prone on the field. Kessinger remained in the game but Carl Warwick went to left field for Browne, then was replaced by George Altman. The cause of Browne's injuries was not known. John Roseboro's lead-off homer in the eighth inning for the Dodgers pushed the game into a 6-6 deadlock. Los Angeles 010 100 010 2—3 15 1 Chicago 011 022 000 0—6 11 0 Sutton, Regan (6) and Roseboro; Hendley, Jenkins (5) and Hundley; W. Regan—3-1, L—Jenkins 1-2.

Home runs—Los Angeles, Ferrara 2 (5), Roseboro (2), LeFebvre (12), Chicago, Brown (8), Phillips (8). USE TIMES-NEWS WANT ADS FOR FAST-SELLING RESULTS

## Salmon Start Run up Lemhi as Rains Ease Water Condition

SALMON — Chinook salmon are moving up the Lemhi River in large numbers as the result of a six-inch rise in the level of the stream. Fishing on the river is open above the Lemhi River weir near the mouth of Hayden Creek. Weekend rains which caused the demand for irrigation water and an increase in stream flow resulted in the improved situation. Idaho Fish and Game Department officials said the Lemhi will remain closed to salmon fishing from the mouth of the river up to the Lemhi weir to protect the movement upstream of the spring run. Don Corley, regional fisheries biologist, said the increased streamflow washed beneath a fence trap near the mouth of the river and permitted large numbers of chinook to begin moving upstream. Enough water was flowing Monday over two of the largest irrigation diversions placed across the Lemhi to enable the salmon to pass across, lower Lemhi will remain in effect to protect the fish which are exposed by the low water conditions. Fish, he said, are swimming with backs and tails out of the water. Fishing for the big chinook continues in the main Salmon River with catches reported in other tributaries in the area. Thirty salmon were counted Sunday night in a 20-minute period passing across one of the irrigation diversions, Corley said. Corley noted that the fish will be permitted to move upriver as long as enough water is flowing. Plans to begin trapping the

## Be careful when you flatter Dad with a KUPPENHEIMER

Not too big a dose! Kupp flattery sometimes does strange things to Dads! When they see how dashing they look in the new kind of Kuppenheimer... well, you never know... A Kupp Father's Day gift does compliment-winning things for him. Reminds him how young he really is. The Kupp treatment comes in suits, sport coats, and slacks. We've got gift certificates for any size dose of flattery from the new kind of KUPPENHEIMER. Suits \$110 to \$130. Sport coats \$8.50 to \$6.00. Slacks\*—\$5.00 to \$7.50. \*All Kuppenheimer trousers and slacks are overdyed.

## Bunning Pegs Phillies Past Redlegs 5-1

PHILADELPHIA (AP) — Jim Bunning checked Cincinnati on three hits for his eighth straight victory as Philadelphia defeated the Reds 5-1 Tuesday night. Bunning, who has lost only once, was aided by Bill White's two-run inside-the-park homer in the first inning and Cookie Roberts' blast into the left-field stands in the seventh. The big right-hander struck out 14 and walked none. It was the Phils' eighth victory in the last nine games and 11th in the last 13. Los Angeles got the only Cincinnati run, a homer into the left-field bleachers. It was his sixth in the last four games and 10th of the year. Cincinnati 000 010 000—1 3 0 Philadelphia 000 000 20x—5 11 Pappas, O'Toole (8) and Edwards; Bunning and Dalrymple, W—Bunning 8-1, L—Pappas 4-4. Home runs—Cincinnati, Cardenas (10); Philadelphia, White (9), Rojas (2).

## Pinch Single Lets Angels Nip Sox 3-2

ANAHEIM (AP) — Pinch hitter Norm Siebern singled home a tie-breaking run in the eighth inning Tuesday night as the California Angels snapped the Chicago White Sox' five-game winning streak 3-2. Siebern's hit drove in Rick Reichardt, who had tripped, and gave Bob Lee, 3-2, the victory over Bob Locker, 3-4. Chicago starter Tommy John had the Angels shut-out on four hits 1-0 until three White Sox errors gave the Angels two unearned runs in the seventh. The White Sox tied it against Lee in the eighth on a single by Don Buford. It followed a pinch single by Smokey Burgess and a bunt by Ken Berry. Chicago 000 100 010—2 5 4 California 000 000 21x—3 6 0 John, Locker (8), Peters (8), Reed (9) and Rodgers, W—Lee, and Romano; Lopez, Lee 8, 3-2, L—Locker, 3-4.

When it gets so jammed around the bar that you can hardly move—this is probably the bottleneck (It's called The Sure One.)

# Jet Owner Denies Rumor That Paul Hornung Inked '67 Pact With AFL Team

NEW YORK (AP)—The owner of the New York Jets denied Tuesday the American Football League team had signed Paul Hornung, one of the National Football League's great stars, to a 1967 contract. "There is no truth to it," said Sonny Werblin about a report earlier in the Dallas Times Herald that the Dallas Cowboys time I ever met Hornung was to shake his hand at the

## Oilers Sign Ladd, Await Consequences

HOUSTON (AP)—The Houston Oilers announced Tuesday defensive tackle Eric Ladd has signed a 1967 contract with the American Football League team. Ladd, an all-AFL player who became a free agent May 1, 1966, after playing out his option with the San Diego Chargers, was involved in a previous trade between the Oilers and the Chargers, but the trade was nullified early this year by former Commissioner Joe Foss.

## Duo Powers Yankees Past Indians 7-2

CLEVELAND (AP)—Home runs by Bobby Richardson and Joe Pepitone powered the New York Yankees to a 7-2 victory over the Cleveland Indians Tuesday night.

Both homers came in the fifth inning, with Richardson's breaking a 2-2 tie. An infield single by Roger Maris was sandwiched between the two blasts.

The victory, the first for the Yankees in six games with the Indians this season, went to Fritz Peterson 4-4. The 24-year-old left-hander went the distance, giving up five hits and striking out nine.

The Yankees took a 2-0 lead in the third inning on Peterson's single, a double by Richardson and a single by Mickey Mantle.

Tuesday's announcement said Ladd signed his contract with Adams, Inc. Saturday. A unanimous all-AFL choice for the past two seasons, Ladd is the first player who has played in four of the five AFL All-Star games. Ladd also is a professional wrestler in the off-season.

The Orange, Tex., native left Houston to continue his wrestling tour after signing with the Houston club.

"I have signed with what I believe is the finest organization in pro football," said the 6-foot-9, 312-pounder. "I'm real happy to be able to stay in the AFL."

## Braves Strike In Fifth, Rip Mets 11-6

NEW YORK (AP)—Joe Torre's three-run homer climaxed a seven-run explosion in the fifth inning that powered the Atlanta Braves to an 11-6 victory over the New York Mets Tuesday night.

The victory was the fourth straight for the Braves after a seven-game losing streak.

Rico Carty led off the fifth with a single, and Frankie Felix followed with a double. Carty's first of three hits, Pinch Hitter Mike de la Hoz then singled for one run and, after a walk filled the bases, Woody Woodward singled in another.

Dick Selma relieved starter Rob Gardner and yielded a two-run single to Hank Aaron before Torre capped the uprising with his 14th homer, a shot over the left-field wall.

Atlanta 002-073-100-11-13-1 New York 302-000-100-6-12-0 Lester, Carroll (3), Umhoefer (2), Abernethy (7), and Carty; Gardner, Selma, 5, Hepler (6), Eilers (7), Ribant (9) and Grote, Stephenson (8). W—Carroll 2-0. L—Selma 3-2. Home runs — Atlanta, Torre (14). New York, Stuart (4).

## Wings to Retain Blinded Player

DETROIT (AP)—Defenseman Doug Barkley has lost sight in his right eye as the result of an injury and is through as a player, but the Detroit Red Wings said Tuesday he will continue a member of their National Hockey League organization.

A spokesman said, however, the possibility he would become a coach in very remote and that he more likely would stay as a scout or assistant to Manager Coach Sid Abel or in a public relations capacity.

Barkley, 24, was injured last Jan. 30 in Detroit while struggling for the puck with Doug Mohns of the Chicago Black Hawks. Mohns' stick flew up during the struggle and struck Barkley in the eye.

Barkley since has undergone several operations for a detached retina.

## T.F. Youths Win Judo Trophies

Three out of seven Twin Falls youths entered in the recent Craig (Colo.) Judo tournament returned home with trophies, according to Guy Matsuoaka, YMCA instructor.

Mark McCain took second in the junior division and Steve Bright placed third. David Johnson won second in the intermediate division.

According to Matsuoaka, the next tournament, his boys will be entered in will be June 18 at Hill A. Force Base.

## Warriors Called in For Special Drills

SAN FRANCISCO (AP)—New coach Bill Sharman of the San Francisco Warriors takes an early look at his basketball charges this week in a special summer practice. Seven members of last season's National Basketball Association squad, four high draft choices and some invited free agents, opened a week of workouts Monday at the University of San Francisco Gym. A surprise addition was Bill (The Hill) McMill, the 6-foot-10 former Utah All America. The Warriors claimed him on waivers from the Los Angeles Lakers.

Also among the hopefuls is Bob Warlick, former Pepperdine star, who played part of last season for the Detroit Pistons.

Nate Thurmond, the 6-11 center hampered by a back ailment the latter part of the past season, reported himself in good shape again.

"But I have to do special exercises—and probably will for the rest of my life," he said. "The doctor also has ordered special shoes."

Rookies attending Monday's opening drills included Joe Ellis of USC, the club's second choice in this year's draft. Tom Kerwin of Centenary, No. 5, and Lon Huey of Fresno State, No. 7. Steve Vaccandak of Duke, No. 4 selection, was expected today.

Clyde Lee of Vanderbilt, the top choice, has made no decision on pro ball. He plans to try for the United States team which will meet the Russians this summer.

# NBA to Add Two Teams; Royals to Remain in East

BALTIMORE (AP)—The National Basketball Association voted Tuesday to add two new teams to its 10-city league by the 1968-69 season, and it rejected Cincinnati's request for a transfer from the Eastern Division to the West. Both actions were announced by NBA President Walter Kennedy after a meeting of the NBA Board of Governors, composed of one representative from each team.

## Kaat Hangs On as Twins Tip A's 6-1

ST. PAUL-MINNEAPOLIS (AP)—Jim Kaat, shelled for seven hits in the first four innings, held Kansas City to one hit in the last five as the Minnesota Twins whipped the Athletics 6-1 Tuesday night.

The Minnesota left-hander, now 6-4, yielded a third-inning homer by Ed Charles but stayed in the game thereafter while driving in two runs himself with a fourth-inning single.

In response to questions, the NBA president acknowledged that Cleveland and Pittsburgh could logically be expected to receive consideration in the expansion move.

Their prior interest in joining the NBA would certainly be a factor, he said, but not the only one.

In rejecting the Cincinnati transfer bid, a chief reason of opposing owners seemed to be a desire "to maintain some semblance of stability," Kennedy said. Cincinnati had been in the Western Division until 1962, when it was changed to the Eastern Division to make way for the Chicago franchise, since then shifted to Baltimore.

Another franchise more recently has been approved for Chicago in time for next season, bringing the league out to 10 teams.

In keeping with league policy, Kennedy refused to disclose the vote count on the Cincinnati proposal.

Kennedy said the owners before Wednesday's wrapup of the two-day meeting, will formally discuss a proposal to raise the team player limit from 11 to 12.

One of the first actions taken Tuesday was to eliminate bonus drafts of players by the last team in each division. It was inaugurated two years ago, but skipped this year to take care of stocking Chicago.

Name Change  
The Times Herald sports department was notified Monday night that the Challenge tennis in the Twin Falls slow pitch softball league has had a sponsor change.

It is now Shorty's Cafe, instead of Challenge as listed in the schedule in Monday's sports pages.

## Hoffa Moves to Crush Gibbons' Bid To Grab Reins of Teamsters Union

WASHINGTON (AP) — James R. Hoffa moved today to crush the bid of Vice President Harold Gibbons to grab the reins of the giant union if Hoffa goes to prison.

The twice-convicted Hoffa predicted Gibbons will drop his plan to run for the new post of executive vice president at the union's July 4 convention in Miami Beach.

"He won't even run," Hoffa

## Women Said Key Factor In Election

IDAHOO FALLS (AP) — The president of the National Federation of Republican Women says there are enough more women than men in the country — four million more — to make them a key factor in election. Their support, she said, could lead to many Republican victories.

"Women are basically good politicians," said Mrs. Dorothy Elston of Delaware. "They can spend more time in politics in view of automation in their homes, while their husbands are busy at work."

Mrs. Elston spoke at a reception sponsored by the Bonneville County Republican Women.

She urged women to work on the precinct level where they know their neighbors, engage in door-to-door canvassing, and to urge people to get to the polls.

She also predicted the Republican Party would gain 50 House seats this year, but said that because of the many Senate seats in the deep South which are not up for election there isn't much chance for a Senate gain.

told a newsman. "I'd be the most amazed man in the world if he did." Earlier, Hoffa had said "I doubt if he gets 175 votes" at the convention.

Convention delegates, who are sure to re-elect Hoffa to another five-year term, will have 2,200 votes.

But whoever wins the executive vice presidency could wind up running the 1.7-million-member union—the world's largest. Hoffa, awaiting a Supreme Court ruling on his conviction for tampering with a jury, wants Detroit Vice President Frank Fitzsimmons to have the post, automatically becoming president if Hoffa goes to prison.

Hoffa reportedly wants Fitzsimmons to serve as a caretaker only until he got out of prison and could resume power. Hoffa aides disclosed that a resolution to change the union's constitution will provide that no one can run for both vice president and the new post of executive vice president.

Thus Gibbons, former close

associate and one-time potential heir-apparent to Hoffa, would lose his seat on the union's executive board if he lost his bid for executive vice president.

Already walking in the wings to run for Gibbons' present post as 10th vice president is Roy Williams, president of the Central States Highway Drivers Council and of the Kansas City Teamsters Council.

Williams apparently is backed by Hoffa in the effort to force Gibbons from power. "Gibbons knew there was that risk," said a Gibbons supporter. He added, however, that Gibbons had not been aware that in running for executive vice president he would automatically lose his post as one of 13 regular vice presidents.

Gibbons would, however, retain his posts as secretary-treasurer of the Teamsters Central Conference and president of St. Louis Council 11.

Hoffa spokesmen also claimed strong support for Hoffa's choice of Fitzsimmons from Teamsters' Councils in New York, Ohio, Indiana, Minnesota, Kentucky and Connecticut.

Fred Roberto, Connecticut Teamsters official, and William Presser, Ohio union chief, confirmed they would support Fitzsimmons.

Another Teamsters vice president, Gordon Conklin, said the St. Paul Council would cast its votes for Fitzsimmons. "I don't think there would be much of a fight," Conklin said. "I think it will be pretty much worked out."

But a Gibbons supporter claimed, widespread support among Teamsters groups, although declining to list them.

## Short Circuit Cuts Power in 2 State Areas

PHOENIX, Ariz. (AP) — A short circuit in transmission lines at a Bureau of Reclamation power substation northeast of Phoenix cut off power Tuesday in sections of Arizona and caused a 15-minute outage in parts of Utah.

N. L. Axton, acting manager Power project, said "it was probably a short circuit caused when some equipment was grounded."

Axton said the short caused no damage and that in all but one case "sectionalized power along the lines was able to take over" for the loss of generation without disruption of service.

"When our transformers went at Pinnacle Peak it opened up our power line to Glen Canyon Dam," said Axton, "and also opened up the power line between Glen Canyon and Sigurd, Utah."

Pinnacle peak is about 20 miles northeast of Phoenix. Sigurd is 100 miles south of Salt Lake City and part of the Bonneville Power Authority.

For 15 minutes Salt Lake City was without power. Ogden was without power for 7 minutes.

Other parts of Utah and Idaho noted outages or fluctuations of voltage.

At Park City, a resort community 30 miles east of Salt Lake City, delegates to the Utah-Idaho-Spokane Associated Press Members Association were on a gondola ride "down" a mountain when the outage occurred.

They were stranded for 20 minutes in cars stretching along the cable.

Utah Power said its system extending north to Rexburg, in eastern Idaho, "probably had only a flicker."

The outage started at 2:43 p.m. and power was restored 15 minutes later in Salt Lake City.

ASSISTING A VIETNAMESE DOCTOR set the broken leg of a Vietnamese patient in the Ninh Thuan Province Hospital, South Viet Nam, is Dr. George Savaris, Ketchum. Dr. Savaris volunteered his services for two months to assist Vietnamese civilians through the USAID program. The patient was struck by a vehicle.

## 10 Killed During Pakistan Riots

KARACHI, Pakistan (AP) — Ten persons were killed Tuesday in Dacca and Narayanganj, East Pakistan, in police clashes

with demonstrators, the East Pakistan government announced Tuesday night.

It said mobs derailed a passenger train and burned three private cars, a police van and several government offices and tried to burn a police station. About 45 policemen were injured in the clashes and more than 100 demonstrators were hospitalized.

Trouble was sparked by a general strike in Dacca, called by the Awami League party, which is demanding greater provincial autonomy for East Pakistan.

## TOO MANY DRUGS?

The question is often asked, "Aren't there too many similar products on the market?" . . . Many—yes, but not necessarily too many. The small variation in a particular drug may be the answer for the successful treatment of that next illness of yours. Your doctor and your pharmacist are constantly studying these new products. So, when your doctor prescribes . . .

"I'll say one thing! He's thorough. He's the type who'd take his own ants to a picnic!"

"I suppose it had to happen! Says here a husband protesting the war on his wallet publicly burned his wife's credit cards!"

"My wardrobe is in great shape—I have some of the prettiest clothes I've ever borrowed!"

## Kennedy Has Debate About Apartheid

DURBAN, South Africa (AP) — Sen. Robert F. Kennedy debated Tuesday with South African students defending their country's policy of apartheid, or racial segregation.

Later, he made plans to visit Wednesday with Chief Albert Lutuli, the African Nobel Prize winner banned under the country's anticomunism laws.

The visiting U.S. senator carried to Stellenbosch University his views that the students should meet what he considered their obligation to all who needed help, regardless of nationality or the color of their skin.

He spoke at a luncheon at a men's residence at the university, regarded as a citadel of South Africa's apartheid policies. It is the alma mater of Premier Hendrik F. Verwoerd and other nationalist leaders.

In a rapid-fire, half-hour verbal exchange after the luncheon, Kennedy told the students that the United States is not interested in telling South Africa how to run their country, but was looking for just one sign that

## Brides Too High

JERUSALEM, Israeli Sector (AP) — Young men of the Bruso sect in the Israeli village of Pequin in Galilee have publicly complained that brides cost too much and asked their religious leaders to set a ceiling price of 2,000 Israeli pounds—\$680. They said bride prices of up to 15,000 pounds force many men to work for years in the cities to earn the money.

South Africa planned greater freedom for members of all races.

But the exchange was described by participants as a draw and not a "bitter" one. One source said Kennedy was asked, "What are you going to do if you find out God is black?" Kennedy hesitated briefly, smiled and replied, "You are going to be in a lot of trouble if He is."

A Kennedy aide disclosed the plans of the New York Democrat to call on Lutuli, who is currently restricted to Groupville, near Swaziland, 40 miles north of Durban. A Zulu of the Christian faith, he won the No-

## Survivors of Bravo Company Are Badly Bloodied, But not Beaten

BY TOM TIEDE  
Newspaper-Enquirer Assn.  
BIEN HOA, Viet Nam (NEA) — The boy dropped his duffle bag in the middle of the tent and looked around at the dust. He was a replacement, youngish, a peeling nose, and dripping skin.

"Oh," he mumbled, "this is bel Peace Prize for 1960. The aide said the senator will fly to Groutville by helicopter. He made the decision after receiving permission from administrative authorities in Pretoria.

The former president of the now banned African National Congress won the prize for his consistent opposition to racial discrimination in all forms, and his advocacy of nonviolence in protesting South Africa's apartheid policies.

HOSPITALIZED  
BOSTON (AP) — Richard Cardinal Cushing is in St. Elizabeth's Hospital for treatment of an infection.

FOR FAST-SELLING RESULTS  
USE TIMES-NEWS WANT ADS

Company?" A man in the rear was washing his socks. Others slept. One played with a dog. Somebody was scratching out a letter. "This is it, folks."

The boy fell hollow. His pants seemed too tight, his feet hurt, he was thirsty. He stood ill at ease and removed his cap. "What kinda outfit is it?" he asked.

At that the room stirred. Several people chuckled. A guy blew his nose. The man washing his socks said, "It's tough, boy, tough. Just wait'll you see us jump without parachutes."

"Huh?" "This is Bravo Company, kid. Welcome to hell."

No kidding. Hardly, anyway. B Company, 2nd Infantry, is as near hell as one can come in this combat. Fifteen dozen men from 18 to 38 who are bed-fellows with death.

They call it "Bloody Bravo" here, and the name fits like a glove. For 11 months they have forfeited more wounded, faced more hostilities and survived more calamities than

most comparable units in this war. Last May, a Bravo sergeant became the first casualty of the conflict for the 173rd Airborne Brigade. It was prophetic. Since then the helicopter men from B have spilled enough blood in the jungles of Viet Nam to begin the imagination.

They have more Purple Hearts than spit tablets. Some 110 have gotten one, dozens have two, a few three and, one, Jacob Rosado of New York, has four—one each for arm, leg, shoulder and chest wounds.

Such is the mortality rate, in fact, that of 180 men on the original company roster, only 65 are left. . . and, of them, only 26 have survived unmarked.

All six of the original officers have departed—either on carry-alls, or otherwise. Nine sergeants have been killed or evacuated.

One platoon has gone through three lieutenants.

The company is under its fifth captain. And an wonder, Bravo has taken part in a dozen major operations, scores of lesser fire-fights and thousands of patrols.

To compound the hazards, they draw the enemy like insects on a sucker. In a recent three-hour holocaust they were caught inside a horseshoe, surrounded and several hundred of the other side emptied everything but canteen water on their unprotected position.

One hundred sixty men walked into that trap. Sixty-one of them had to be carried out.

In D Zone, an Operation Grasp, during the Marauder exercise, and in the rapid rice fields of the Delta, Bloody Bravo has given and taken lives for lives. Zinn, Olive, Baker, Rich and dozens more. . . all good men, now dead.

The First Platoon alone has been down to 10 survivors or less three times. In January they lost 28 in a single two-hour battle.

But, for all of it, Bravo's battered have seen at least as much heroics as horror. Two have been submitted for, or received, Distinguished Service Crosses, four for Silver Stars, thirty-three for Bronze Stars and 14 for Army Commendation Medals.

One of them, a Negro who served for men of every race, is both typical and unique. He forfeited his life for his fellows. . . on top of an exploding grenade. . . But, heroes they all are.

Grubby, griny, gallant GI. Boys who may grow all the way up to a daybreak assault. And then not live to see sunrise. Men who have fought for nearly a year.

Wednesday, June 8, 1966  
Twin Falls Times-News 19  
Bravo Company . . . bloodied they have been, for a fact. But beaten? Not yet, nor ever.

## Chances Good Viet Nam to Be Neutral

SAIGON, South Viet Nam (AP)—What are the chances that South Viet Nam eventually will emerge as a neutral or non-aligned nation?

Underneath the turmoil of the current political crisis, the forces of neutralism appear to be making headway. Neutralist tendencies are attributed to at least five of the 10 civilian members added Monday to the military junta ruling the country.

These 10 include Roman Catholics, moderates, Buddhists, and representatives of Buddhist splinter sects. American diplomats describe them as a distinguished group, and some Americans say "positive neutralism" is represented in the group.

Here an explanation of terminology enters the picture. Diplomats usually refer to "positive neutralism" to describe the policy of seeking to make South Viet Nam a nonaligned nation in the true neutral sense.

This is to get away from the term "neutralism" as used in a derogatory way by the Saigon government. Under the state of emergency, "Communist and neutralist activity" is banned. The government seeks to equate the two factors on the ground that any effort to make the nation neutral would pave the way for communism.

Any neutrality that evolved would not be worth much without an agreement on ways to maintain it. This presumably would need an international agreement, and could mean that both U.S. and North Viet Nam troops would be asked to get out of the country.

A realistic measurement of the strength of neutralist feeling in the country is impossible. There are signs, however, that U.S. diplomats are beginning to acknowledge neutralism as representing a factor in the country's public opinion.

These diplomats, who will talk only with the understanding they will not be identified, argue that neutralism need not necessarily be regarded as a way of leading the country to communism. They see it as possibly a way of transforming South Viet Nam into a truly nonaligned nation.

### Receive Funds

WASHINGTON (AP)—Idaho health and educational programs received more than a third of a million dollars in federal assistance Tuesday.

Sen. Frank Church and Rep. Compton White, Idaho Democrats, said the state Health Department received \$150,000 from the U.S. Public Health Service to assist in the Idaho Maternity and Infant Care Program.

J. F. (BUD) LEWIS, pioneer of the Castleford section of the state, will be lecturer as members of the Twin Falls County Historical Society sponsor the first field trip of the season next Sunday. This pen and ink sketch of the pioneer was done from life by Wayne Patton, Buhl.

## Castleford Pioneer Guides Historical Society's Tour

J. F. (Bud) Lewis, Castleford pioneer who lived and farmed the country between Three Creek and Bruneau, will be lecturer on the first field trip of the season sponsored by members of the Twin Falls County Historical Society.

The field jaunt, according to William (Bill) Patton, Buhl, president, will be staged next Sunday and those making the trip are to meet at the Conoco Service Station in Castleford at 10 a.m.

Each society member or guest should bring a check lunch for a stop at noon at the Balanced Rock crossing.

Lewis, according to Patton, has a colorful history and first came to Idaho when 2 years old, settling at Mountain Home.

He was born in Arkansas in 1884. Two years after arriving in Idaho the family homesteaded in the Bruneau area. His father died in 1901 when Bud was 4 years old.

At the age of 14 he went to work breaking broncos and took over his own homestead on House Creek. In 1909 he married Bessie Johnston. They were parents of five boys and a girl.

During his youth in the area he was well acquainted with In-

## Commander Linder Leads 3 Attacks In 24 Hours on North Viet Nam

By ROBERT TUCKMAN—Their mission had the code name Rolling Thunder. The target was North Viet Nam. Three times in 24 hours Commander Linder led his squadrons in three attacks on North Viet Nam. The "Spirits of 76" were to strike at railroad yards, supply dumps and port facilities. Intelligence officers said a lot of Communist supplies had piled up because previous American air assaults had cut rail lines and roads leading south. Also, rains had hampered supply movements.

Intelligence reports and aerial photos also showed Nam Dinh was heavily defended with a ring of anti-aircraft and missile sites.

By 11 a.m. Linder and his squadron were on the flight deck, and the launch by steam catapult began.

Within 10 to 15 minutes Linder and his squadron had converged at a prearranged point for the assault.

Linder and his pilots moved in on Nam Dinh for the strike, unleashing their explosives in less than a minute.

An escorting radar plane sounded a missile alert. This meant the North Vietnamese were firing surface-to-air missiles.

Linder's fliers had to be ready to maneuver to evade the flying telephone poles.

Linder said later: "This was the first SAM that some of the pilots saw. Their (North Vietnamese) guidance was bad, and the missile exploded two miles in front of us."

Within an hour after take-off the "Spirits of 76" were back aboard the Enterprise.

Then came an hour of debriefings, first with intelligence officers and then in the squadron's own briefing room to talk over hits and errors.

"We did better today than I've seen on two-thirds of the strikes I've been on," Linder said. "Our bombs went where our aiming point was."

The squadron headed for lunch and a quick nap. By 2 p.m. they were back in the briefing room to prepare for another launch at 3:50 p.m.

Their target was different, but their mission the same: to cut communications lines and their storage and supply areas. It was a target on the coast.

By 5 p.m. Squadron 76 returned to the Enterprise and once more spent an hour in reporting on their strike.

Around 8 p.m. Linder and his fliers made for showers and to get some sleep. But Linder elected to see a movie, "Thunderball."

The film ended a little after 10 p.m., and with a few hours before his third mission, Linder got some sleep. By 1 a.m. he was back in the briefing room.

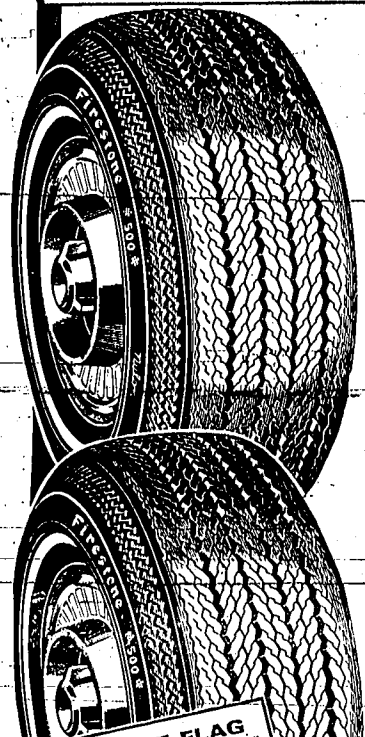

The routine for the third mission, starting at 3 a.m., was much the same as the previous two—but in darkness. This meant dangerous take-offs and landings and an attack with no strategic radar. Again Squadron 76 was back aboard the Enterprise within an hour. Once more they spent an hour in debriefing and finally called it a day about 3 a.m., ready to go through the whole thing again a few hours later.

## a. \$9 "Smoothaway" Panty

Special turned waistband smooths hips and hips in waist. Nylon and Lycra\* spandex powernet, has reinforced sections to sleek thighs and derriere; embroidered nylon panel trims tummy. Scandia nude, white;

**6.88**

## b. \$11 Zipper Panty

Persuasive front, back and side panels give firm all around control. High waistband trims midriff, zipper gives on-off ease. In white; even waist sizes 28 to 46.

**7.88**

## c. \$8 Long Leg Panty

Courtesan-look panels shape the sleek silhouette for today's fashions. Of smooth nylon and Lycra\* spandex, panty fits 18 in. waist down. Scandia nude or white; small-extra large.

**5.88**

## d. \$9 Tall Girl Panty

Specially proportioned from waist to crotch to fit the long torso figure! Panels give fine front, back, hip control. White; small-extra large.

**7.88**

## e. \$8 Natural Back Panty

Reinforced panel crosses in front, slides over hips and dips in back to control tummy, hips and derriere the way your own muscles would. In nylon and Lycra\* spandex. Scandia Nude or white; sizes small to extra large.

**5.88**

## f. \$4 One-Size Panty

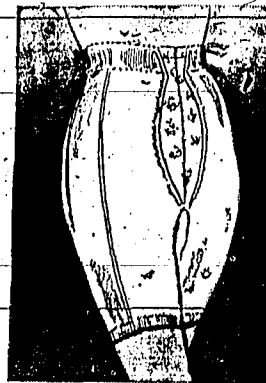

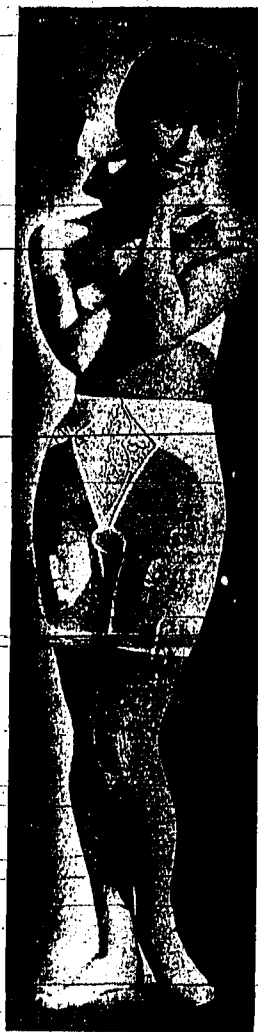

Knit nylon and Lycra\* spandex two-way stretch panty fits waist; sizes 22-30, gives all-around smoothing. Reinforced at tummy for extra control.
